

Joan Crawford Weds President Of Pepsi-Cola

LAS VEGAS, Nev. (AP)—Movie queen Joan Crawford made a flying trip to Las Vegas and was married in a surprise ceremony early today to Alfred N. Steele, president of Pepsi-Cola Co.

The civil ceremony was performed at 2:10 a.m. in the penthouse of the Flamingo Hotel with municipal Judge John Mendoza officiating.

The 47-year-old actress wore a black and gold dinner dress for the wedding attended by just a few friends.

Miss Crawford and Steele flew into Las Vegas Monday night in the business executive's private plane.

Steele, recently divorced, is from New York City.

A hotel spokesman said the newlyweds plan to fly back to Hollywood today because of Miss Crawford's picture commitments.

For Miss Crawford this was the fourth marriage. She was married to Douglas Fairbanks Jr., in 1929 and they divorced in 1933. Her marriage to actor Franchot Tone in 1935 ended in divorce in 1939. Three years later she and Philip Terry were married and divorce came in 1946.

The actress has four adopted children.

HAPPY BIRTHDAY FOR HARRY — Former President Harry S. Truman smilingly turns over the first shovel of dirt as he breaks ground for the Harry S. Truman Library to be constructed at Independence, Missouri, Slover Park. Ceremony was part of the former chief executive's birthday celebration. The library will house the official and personal papers of the 71-year-old Truman. (NEA Telephoto)

Gas Price Boost Inquiry Sought

LANSING (AP)—The Michigan Senate was asked Monday night to urge Congress to investigate an increase in Michigan gasoline prices.

The request was sponsored by Sen. William S. Broomfield (R-Royal Oak), who as a representative in 1951, was chairman of a House committee which investigated a price rise then.

Broomfield's resolution followed Gov. Williams' request that Atty. Gen. Thomas M. Kavanagh review the report of the 1951 committee "to see if there is anything the state can do about this."

Williams said "Our state depends economically upon cheap highway transportation. If the price of gasoline is too high, serious damage can be done to the tourist trade in particular."

Standard Oil announced the price of wholesale gasoline was increased half a cent for regular grades and one cent for premium grades.

Shell and Sinclair said they will increase prices today in line generally with that of Standard.

Standard raised prices to 30.6 cents a gallon for regular and to 33.6 cents for premium.

Laycock Becomes New Game Chief

LANSING (AP)—William E. Laycock has been placed in charge of game division operations in the Upper Peninsula, the Conservation Department announced Monday.

Laycock will replace Max Wakeman, former regional supervisor who died in March.

A department employee for 11 years, Laycock has spent four years with the department in the Upper Peninsula. He has served at the Cusino Wildlife Station and as a game supervisor at the Escanaba River State Game Area.

Industries Hold Key In Waterway Boom

PORT HURON (AP)—Industrial development, primarily by firms interested in foreign trade, will hold the key to greater prosperity for Southeastern Michigan when the St. Lawrence Seaway is completed, one of the seaway's leading backers said Monday night.

Great Lakes traffic will pass through three phases as construction of the seaway progresses and port cities should prepare for them accordingly, said Dr. N. R. Danielian, president of the Great Lakes-St. Lawrence Assn.

He addressed a dinner given by the Port Huron-Marysville Indus-

Mrs. US Contest Draws 49 Wives

ORMOND BEACH, Fla. (AP)—Forty-nine lovely women — the No. 1 housewives of the states and the District of Columbia — shooed their husbands off to the beaches and golf courses today and got in some last-minute practice of the arts that will make one of them Mrs. America 1956.

Judging begins Wednesday. For the first time bathing suit beauty will have no part in this contest, now 17 years old. The women, all mothers, will be judged some on attractiveness, personality and how well they keep house, cook, iron and sew.

The winner will be selected Saturday afternoon. To her will go \$15,000 in prizes, including an automobile, a complete set of the latest kitchen and laundry appliances and equipment, and a paid vacation to Europe for two.

Ionia Residents Admit Tax Fraud

DETROIT (AP)—An Ionia couple is awaiting sentence after pleading guilty in Federal Court Monday to income tax fraud.

George F. Wood, assistant U. S. attorney, said Mr. and Mrs. George E. Pemberton claimed deductions for six children in 1951 and 1952 and for seven in 1953, and that they have only four children.

American Sabre Jets Down 3 Russian Planes

Soviets Inject New Demand In Austrian Treaty

VIENNA, Austria (AP)—The West went ahead today with plans for signing the Austrian independence treaty this weekend despite a new monkey wrench from the Soviets.

In the continuing talks here on the treaty draft, Russian Ambassador I. I. Ilyichev demanded Monday that economic concessions Moscow promised last month to the Austrians be left out of the pact.

Final Draft Written
Instead, Ilyichev insisted that the original draft treaty's provisions for reparations to Russia remain as written in 1949. He said the reductions Soviet Foreign Minister V. M. Molotov had agreed to in March should be covered in a separate pact to be signed later only by the Russians and the Austrians.

Discussion of the issue was to be renewed today by Ilyichev and the British, French and U.S. ambassadors to Austria, who have been working out a final treaty draft since May 2. The envoys have agreed on most other questions.

Despite the hitch over reparations, the optimistic belief prevailed that the Big Four foreign ministers would come here this weekend to sign the treaty ending the 10-year occupation of Austria.

Reds Want Credit
In his demand for a separate pact to cover the Russian concessions on reparations, the Soviet ambassador appeared to be trying to shut out any suggestion that Western pressure might have aided the Austrian cause. Reliable sources said Ilyichev contended the reductions were a Soviet gift to Austria and did not concern the United States, Britain and France.

The article on reparations to which all four occupation powers agreed in 1949 awarded the Russians extensive Austrian oil holdings for 25 to 30 years, assets of the big Danube Steamship Shipping Co. and 150 million dollars in cash for 300 industrial enterprises seized by the Soviets after the war. The three Western Powers made no reparations claims.

New York Coliseum Collapse Injures 51

NEW YORK (AP)—Rescue squads dug into tons of rubble today in search for a construction worker missing in the roaring collapse of the New York Coliseum's main exhibition floor.

Fifty-one of some 1,000 workers on the job were injured late Monday when the floor gave way while concrete was being poured into it. Twenty-three were hospitalized.

Missing was Joseph Lombardi, 55, a cement worker.

More than 100 workers scrambled for their lives as concrete, steel and wood plunged 22 feet to the street-level floor of the project being built at Columbus Circle.

"Something started to give," said one worker. "Then there was a terrible noise. It was like an

Lost Boy 2, Found Alive In Woods

MCMINNVILLE, Ore. (AP)—A 2-year-old boy, lost 24 hours in the woods near here, was found alive and well Monday.

Jess Davis told hospital attendants that he was hungry and wanted a banana. The boy, though covered with briar scratches and exhausted, was expected to recover quickly.

Jess wandered away from the home of his grandparents. More than 100 persons had joined the search before the boy was found by two loggers. He had apparently walked five or six miles.

Ore Tonnage Up

CLEVELAND (AP)—Great Lakes vessels hauled 2,336,455 tons of iron ore in the week ended Monday. The Lake Superior Iron Ore Assn. said the total for the year, 6,452,826 tons, was nearly twice that of 1954.

Senate Expected To Approve 8.8 Postal Pay Raise

WASHINGTON (AP)—The Senate is expected to give its approval Wednesday to an average 8.8 per cent pay increase for postal workers, voted Monday by the House.

The House risked a presidential veto in passing the bill 328-66. President Eisenhower has said he would view with grave concern any increase of more than 7.6 per cent. And Postmaster General Summerfield has voiced his opposition.

Officials Linked To Crime Inquiry Commit Suicide

ELIZABETH, N. J. (AP)—Two Elizabeth officials, who testified before a Union County grand jury probing alleged laxity in connection with gambling, committed suicide Monday.

A bullet in the head ended the life of 65-year-old Police Capt. August F. Winkelmann, who had been on terminal leave and was due to retire next month.

Fire Commissioner Francis De Stephan, 39, waded fully clothed into Raritan Bay and was drowned.

Both deaths were listed officially as suicides. Neither man left suicide notes, police said.

Union County Prosecutor H. Russell Moss Jr. told newsmen he "couldn't say whether there was any connection" between the deaths of Winkelmann and De Stephan.

The fire commissioner's brother Dr. Joseph L. De Stephan, a dentist, said Francis had been worried about his appearance before the grand jury and also was concerned over debts.

The grand jury probe began 11 weeks ago, and indictments have been returned against three persons.

Barr Takes Over Reins At Wards

CHICAGO (AP)—John Barr, 47, today took over the reins of Montgomery Ward & Co. — the first day in 24 years that the firm has not been under the leadership of Sewell Avery, 81.

Barr was elected chairman of the company at a special meeting of the board of directors Monday, succeeding Avery, who resigned.

Edmund A. Krider, Ward's president, also resigned after 20 years of service. No successor was named immediately.

Barr had no comment on his plans for the company — specifically if he would start using some of Ward's 327 million dollars of liquid assets for expansion.

"This appointment came unexpectedly and I have no statement," Barr said late Monday after he had become head of the nation's oldest and second largest mail order firm.

Louis Wolfson, 43, Florida financier who failed in efforts to seize control of the company, has urged Ward's to start building 24 new stores within the next year.

While Wolfson won't control the company, he will be a new director. He has said he will urge the directors to carry out his program, which also includes splitting the stock on a three-for-one basis and creating a separate company to own Ward's real estate.

Vote On Statehood Finds 80 On Fence

WASHINGTON (AP)—The fate of a bill to confer statehood on Alaska and Hawaii apparently rested today with a bloc of 80 or so reportedly undecided House members.

With a final House vote expected by nightfall, statehood supporters said a poll showed 176 votes for the statehood bill and 172 against—with about 80-odd representatives still on the fence.

Statehood supporters planned one major parliamentary move in an effort to enlist more votes and to make the bill acceptable to President Eisenhower. They readied a motion to send the bill back

Peace Conference To Include Russia

PARIS (AP)—The Western Big Three, backed by the whole NATO alliance, invited the Soviet Union today to a top level conference this summer on East-West problems in Europe.

Notes suggesting such a meeting were being cabled to Moscow for delivery at the Kremlin tonight or early Wednesday, diplomatic informants said.

Eisenhower Agrees
Armed with President Eisenhower's consent, American, French and British experts finished up the text of the invitation and quickly obtained the approval of the NATO minister, including West Germany's Chancellor-Foreign Minister Konrad Adenauer.

The notes suggest a meeting of both the chiefs of government and of the foreign ministers of the Big Four.

They leave the date and place of these historic meetings for decision later, possibly by the Big Four foreign ministers when they meet this weekend in Vienna to sign the Austrian independence treaty.

Pushed By Britain
The NATO council is expected to put its official stamp of approval on the move in its final communiqué when the present session ends, probably Wednesday.

U. S. Secretary of State Dulles gave a green light to the move when he obtained "full powers" from Eisenhower to arrange such a meeting after a series of trans-

No. 2 Atom Blast Planned In Pacific

WASHINGTON (AP)—Seeking new tactics for defense against submarine attack, U.S. military scientists will set off in the Pacific within a few days the second known underwater atomic blast.

A terse announcement Monday

said only that a "small yield nuclear device" will be exploded in a few days in the eastern Pacific "several hundred miles" from the closest land area off the West Coast.

The explosion location will be "completely clear of fishing grounds and shipping lanes," said the announcement from the Atomic Energy Commission and the Defense Department. It added there will be no hazard to persons on the mainland or any islands in the eastern Pacific.

Nearly nine years ago an atomic bomb of about the same destructive power as that used against Hiroshima and Nagasaki was exploded underwater in postwar tests at Bikini in the west central Pacific. That bomb sank nine ships, including three submerged submarines within half a mile of the detonation point.

Now the Navy, conscious of Russia's growing submarine fleet, seeks to apply the techniques of atomic destruction to combatting a submarine threat in another war.

The aim presumably is to squeeze into a device small enough to be handled by sea or aircraft enough nuclear destruction to expand the percentage of kills against submarines far beyond that which can be obtained by conventional depth charges.

Lost Boy Dead
BILLERICA, Mass. (AP)—The weeklong search for 2-year-old Jackie Colby has ended. His body was found Monday in underbrush along the bank of the Concord River two miles from his home.

Police Chief John F. Trainor said he believes the youngster toppled from the bridge as he peered through the railing 15 feet above the water.

Dogfight Begins Over Waters Of The Yellow Sea

TOKYO (AP)—American Sabre Jets, jumped by Communist MIGs between North Korea and Red China, shot down two of the Russian-built jets and probably destroyed another this morning, the Air Force announced.

The dogfight started over international waters of the Yellow Sea, the Air Force said, when "eight Sabres were attacked by 12 to 16 Communist fighters." All the Sabres, on a patrol mission, returned later to their Korean bases.

MIGs Shoot First
The fight area was about 50 miles southwest of the mouth of the Yalu River, boundary between North Korea and Red China. Communist China has a large air base at Antung, and North Korea at Sinuiju, on opposite banks of the Yalu.

The Air Force gave no clue on the nationality of the MIGs, used by the air forces of North Korea, Communist China and Soviet Russia.

An Air Force announcement said the MIGs fired first. It said the Sabres, from the 35th Squadron of the 8th Fighter-Bomber Wing, returned the fire. Two Communist pilots bailed out and "the third plane was last seen diving straight down trailing smoke."

American pilots who scored were Capt. R. V. Fulton, Barnardville, N.J.; Lt. B. C. Phythyon, Wadsworth, Ohio, and Lt. J. E. McInerney, Garden City, N.Y., the Air Force announced.

Reds Claim 12 Miles
It was the third almost identical incident in the same general Yellow Sea area in 16 months.

On Jan. 22, 1954, American Sabres escorting an RB45 jet reconnaissance bomber shot down one MIG15 when a flight of Red planes attacked off the west coast of North Korea.

Feb. 5, Sabres escorting another RB45 jet shot down two more MIGs in a similar battle.

The Sabres were flying alone today, Far East Air Force said.

International law recognizes only a three mile limit off a nation's coast as territorial waters. The Communist nations habitually claim 12 miles or more.

Under international law, Allied planes can fly three miles off the North Korean coast up to the northern limit of the Yellow Sea without any legal violation of Communist territory.

Which pilots scored the kills and which the probable was not established.

The American planes were flying over the northern arm of the Yellow Sea known as the Bay of Korea. The location 50 miles southwest of Sinuiju would place them almost exactly half way between the west coast of North Korea and China's Liaotung Peninsula, which terminates in the historic naval base of Port Arthur.

Mediators Turn To Bell Strike

WASHINGTON (AP)—The government is likely to step up efforts to settle the South's two-month-old telephone strike now that an agreement has been reached to end Dixie's big rail walkout.

Federal mediators expressed hope today that the "psychological effect" of the rail settlement might spur similar efforts toward peace pacts in prolonged phone and bus strikes.

An agreement was reached here Monday to end the eight-week-old Louisville and Nashville Railroad strike Wednesday morning and to send the unresolved issues to arbitration. A neutral referee was to be named today.

Clyde Mills, assistant director of the Federal Mediation and Conciliation Service, went to Atlanta to try to pump new life into talks between the striking CIO Communications Workers of America and the Southern Bell Telephone Co.

The phone walkout, now in its 58th day, has been marked by frequent violence. This has complicated negotiations efforts. The main issues in the phone strike are management insistence on curbing strikes during the contract and a union demand for arbitrating grievances.

News Highlights

City Utilities Service Grows

A growing number of meters indicates a healthy growth in Escanaba's utilities, according to reports filed by the service department with City Manager A. V. Aronson. At the same time, the number of service calls is declining and shows that service is being maintained at a satisfactory level.

In a comparative report for the month of April, the service department noted that in the electric utility the number of meters totaled 6,766, which was 140 above the number one year ago. The number of service calls in April totaled 13, down six from the previous month.

Water meters increased 67 to a total of 4,047, while the number of service calls received dropped to 15, a reduction of 21 from the month before.

The number of gas utility meters increased in April by 10 to a total of 2,175 at the end of the month, a figure that was still 22 below last year's total to the same date, however. The number of gas service calls to the service department dropped to 98 for April, which was 30 below the subsequent month.

Briefly Told

Elks Meet Wednesday—A regular meeting of Escanaba Lodge 354 B. P. O. Elks, will be held Wednesday night, May 11.

Bay View PTA—The Bay View PTA will meet Wednesday at 8 at the home of Mrs. Kenneth Arbour to determine the disposition of property in the closed Bay View school.

Girl Scout Leaders—The Escanaba Girl Scout Leaders Club will hold the final meeting of the year at the Carnegie Library Thursday evening at 7:30. There will be an election of officers. The meeting will be brief and all leaders and co-leaders are asked to attend.

Practical Nurses' Meeting—The Delta District Practical Nurses' Association will hold a regular meeting on Wednesday, May 11, at St. Francis Hospital. Dr. Francis Anderson will speak to the group on the subject of "Cancer." All practical nurses are expected to attend. An auction sale is to be a part of the program.

Motorists Ticketed—Escanaba police have issued traffic violation tickets to the following motorists: Carl Sundling, Ensign Rte. 1, disobeying stop sign; Gordon Topel, Escanaba Rte. 1, no tail lights on truck; Edna Ambeau, 816 N. 18th St., disobeying stop sign; June Clark, Wells, disobeying stop sign; and Lena Faccio, Hermansville, disobeying stop sign.

Bitten By Dog—Tommy Kozel, five-year-old son of Mr. and Mrs. Ed Kozel, of 604 S. 8th St., was bitten Monday by a dog owned by Lloyd Peltier, 529 S. 9th St., according to a report to police. The dog owner was notified to keep the animal confined for 10 days for rabies observation.

Report Vandalism—Two Escanaba boys are to be questioned by police in connection with the splattering of two colors of paint on the door and porch of the Rose DeGrand residence, 1925 5th Ave. S. The paint, in two open cans, was tossed last night, police reported.

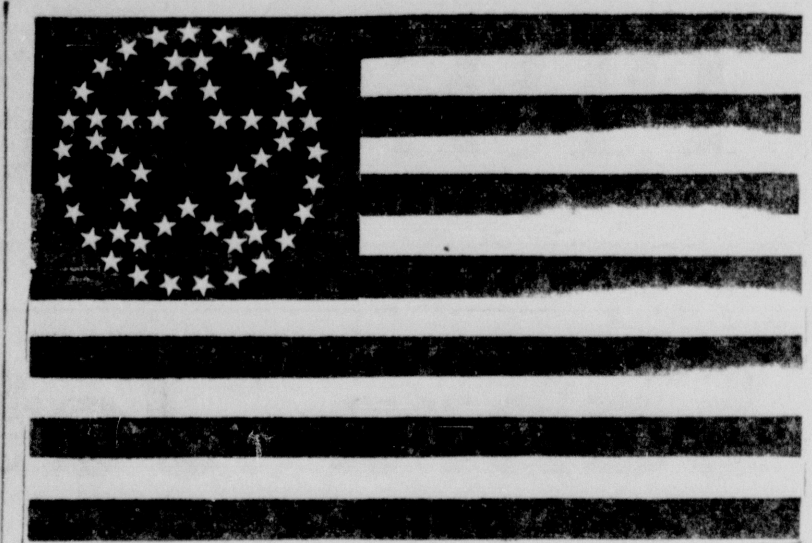

Gladstone Man Hurt In Freak Accident

GLADSTONE—James Balding, 427 Delta Ave., sustained injuries which required seven stitches in a freak accident at his home Monday evening.

Balding was chopping kindling wood when a stick flew up and struck him over the right eye. He was treated at the office of a physician.

Hospital

Mrs. Ludwig Brandso, 1004 10th Ave. S., is a surgical patient at St. Francis Hospital.

50 STARS FOR 50 STATES—A flag to accommodate Alaska and Hawaii if and when they become states has been designed by Philip C. Brown of Fallbrook, Calif. Brown says the pattern is flexible, so that future additions can be absorbed in the design. Circle signifies the unbroken unity of the United States, with the large star of stars representing the "Polar Star of Divine guidance in the affairs of our nation."

Errors Delay O.K. Of April 4 Vote

LANSING (AP)—Continued "correction" of county election returns has moved the Board of State Canvassers to delay certifying the results of the April 4 spring election until Friday.

Secretary of State James M. Hare, board chairman, said Friday is the last date upon which the certification may be made legally. Hare said the corrections result from his recent letter to all county clerks asking them to expand their official reports to show the election returns by precincts. Normally these are not included in the reports to the state board.

Results Unchanged
He said 35 counties have responded and that errors had been detected in 12 precincts.

"I am sure," Hare said, "that the corrections will not change the result of the election, because they

seem to balance each other out pretty well. But I'd like the official canvass to be as accurate and true a report as possible."

Hare said the board would close the books on the April election Friday whether all counties have sent in precinct-by-precinct figures or not.

A tabulation of the corrections given by Hare to newsmen showed that Dr. Clair L. Taylor, Republican state superintendent of public instruction, dropped 100 votes and his Democratic opponent, Lynn M. Bartlett gained a net of 42. Taylor's semi-official margin of victory was 3,001 votes after numerous earlier corrections were made.

Totals Increased
In the race for State Board of Education, Republican incumbent Stephen S. Nisbet of Fremont gained a net of 36 votes and his Democratic opponent, John M. Veale gained a net of 37. The semi-official result gave Nisbet a 1,677 margin.

In the close race on the State Board of Agriculture, Republican Dale Stafford of Greenville picked up 225, while Dr. Connor D. Smith, Standish Democratic and incumbent, gained 248. Smith led Stafford 2,158 in the semi-official tabulation.

Obituary

MRS. JOHN CHLEBOWSKI

Funeral services for Mrs. John Chlebowsky, who died Sunday, will be held Wednesday at 3 p. m. at the Degan Funeral Home chapel with Rev. Johannes Ringstad of the Immanuel Lutheran Church officiating. Burial will be made in Lakeview Cemetery.

Friends may call at the Degan Funeral Home.

WILLIAM PAPINEAU

Funeral services for William Papineau, long time grocery store proprietor in Escanaba, will be held Wednesday at 10:30 a. m. at the Alto Funeral Home chapel with Rev. Clifford Nadeau officiating. Burial will be made in Holy Cross Cemetery.

Friends may call at the Alto Funeral Home.

WILLIAM E. BERNIER

Funeral services for William E. Bernier, who died suddenly at Chicago Sunday, will be held Wednesday at 9 a. m. at St. Thomas the Apostle Church with Rev. Arnold Thompson officiating. Burial will be made in Holy Cross Cemetery.

Friends may call at the Alto Funeral Home.

FRANK KRZONSTOWSKI

Funeral services for Frank Krzonstowski, who was found dead on the floor of his home Friday, were held today at 11 a. m. at the Degan Funeral Home chapel with Rev. Frank A. Hollenbach officiating. Burial was made in Gardens of Rest Cemetery.

Pallbearers were Harry Zastrow, Louis DuBord, Henry Flynn, Michael Kucin, Charles Politwicz and John Peters.

Out-of-town persons attending the services were Mrs. John Logsdon of New York City and Mrs. Ed Solms, Grosse Ile, Mich. A number of friends and neighbors of the Bark River-Harris area attended the services.

BURGLAR SHOT

GREEN BAY—Hans Christensen Jr., 25, remained in critical condition Monday in a hospital after he was shot by a policeman who surprised him burglarizing a downtown Green Bay insurance office.

Minimum Height For State Police Rookies Lowered

The minimum height requirement of Michigan State Police officers has been reduced one inch to five feet, nine inches, which will open up the ranks to many more young men who want to become members, according to Sergeant E. C. Goldsworthy, commanding officer of the Gladstone post.

Sgt. Goldsworthy commented on the change in connection with a current recruiting program to fill 65 anticipated positions.

"The change was decided upon only after long and careful research established that it would not affect the present physical standards of the department," the sergeant said. "Many very desirable men were being barred because they could not quite meet the previous five foot, 10 inch minimum."

Weight and build must be in proportion to height.

Other requirements are that a recruit must be between the ages of 21 and 29, inclusive, in good health and of excellent character. He must have a high school education or its equivalent. Married men as well as single are accepted.

Plans are now going forward for the next recruit school. Sgt. Goldsworthy said, and candidates are urged to hurry if they wish to enroll. May 20 is the deadline to have applications in for a Civil Service examination to be held June 4, and June 22 is the last date on which they will be received for an examination for July 9. Applicants for the first examination, however, have the best chance of immediate employment.

Full information may be obtained at any State Police post or by writing to the State Civil Service Commission or the Michigan State Police at Lansing.

EARNINGS DECLINE

Gross income of the Soo Line Railroad in March was \$2,706,790, a decline of \$155,834 from March, 1954. Net income was \$37,369, down from \$69,219 in March, 1954. Income for the three months to March 31 also declined.

Gladstone Chief Retires June 15

GLADSTONE—Chief of Police Torval Kallerson will retire from active duty June 15 after 32 years of service with the Gladstone Police Department.

Chief Kallerson's letter to the Gladstone City Commission requesting retirement June 15 was read last night at the regular meeting of the commission. The request was granted.

Chief Kallerson stated in his letter that he desired to obtain other employment to qualify for social security which would augment the pension paid by the city to retired employees.

Green Bay Pipeline Dispute In Court

GREEN BAY (AP)—Another chapter in Green Bay's four year old dispute over bringing in water from Lake Michigan, 28 miles away, is scheduled today.

An action to have \$5,700,000 bond issue, and the pipe line construction contracts under it, declared invalid will be tried in circuit court. Plaintiffs are Dean Denning and Leo J. Hagerty, suing as taxpayers and water users, but Green Bay's newly elected mayor, Otto Rachals, long time foe of the Lake Michigan project, makes no secret of the fact that he instituted the action.

Technical Courses Open To Enlistees

Sgt. John D'Antonio, local U. S. Army recruiter, located at 807 Ludington St., announced today the Department of the Army has 143 technical courses at 21 Army schools open to young men, and 20 courses at nine schools for WAC applicants.

Under the high school graduate enlistment program, young men who are high school graduates and volunteer for three or more years service in the Army may apply for the technical course of their choice and receive a letter from the school commandant reserving a spot in the class for them, even before they enlist. The Army is the only service offering this guarantee, D'Antonio said.

The 143 courses ranging from automotive repair to x-ray technician including drafting, machinist, radio repair and stenography, six week to six months courses, usually start two or three weeks after completion of 12 weeks basic training.

Wm. E. Anderson

Robert Glidden Elected To Head Ford River Lions

Robert Glidden was elected king Lion of the Ford River Lions club last evening at a meeting held at the Ford River town hall.

Other officers elected were Robert Hawes, 1st vice-president; Tom Wilkinson, 2nd vice-president; Ray LeDuc, 3rd vice-president; secretary, Lawrence Kidd; treasurer, August Ekstrom; lion tamer, Everett Dahlvick; tail twister, Richard Meisner; two year directors, Gilbert Silvola and Ralph Nordquist, and one year directors, Arvid Arntzen and Hank Splieth.

Previous to the election, Phil A. Miron gave a resume of the duties of each office so the new

officers would know what their duties consist of.

During the meeting, the group decided to support Dave Olive, a member of the Stephenson Lions club, for district governor at the Upper Peninsula Lions convention to be held at Newberry June 11, 12 and 13.

A film, "Smoke", on fire protection was shown by Richard Meisner. Program chairman of the evening was Tom Wilkinson. The next meeting on May 23 will be Ladies Night and installation of new officers will take place.

School Bands Plan Concert At Bark River

The bands of the Bark River-Harris Schools, with a combined total of 52 members, will present a spring concert beginning at 8 p. m. Wednesday in the Bark River Community Hall, under the direction of Chester J. Marrier.

The Senior Band will be heard first on the program, followed by the Junior Band, and the two units will then combine in several numbers for the closing portion of the program, Conductor Marrier announced. The Senior Band has 22 members and the Junior Band has 30.

Marches, novelties and popular numbers are to be presented by the student musicians in their spring concert. The Senior Band will play "Melody of Love," "Sincerely," "Hearts of Stone," and "The Village Tavern Polka" from the popular file; and "Fame and Fortune Overture."

Senior Band Members

A novelty number will have Louise Gauthier as narrator. Instrumental soloists for the Senior Band will be James Erickson playing "Mary Jane," and Kathy DeLoughary playing "Starlight Waltz."

Personnel of the Senior Band is as follows:

Cornets, Katy DeLoughary, Barbara LaFleur, Joanne Pearson, Carol Flath, James Erickson, Darlene Nault, Lloyd Strahl. Saxophones, Wayne Erickson, Anthony Otradovic, Baritone, Lois Good; Bass, Terry DeLoughary.

Clarinets, Marlene Piontek, Barbara Bugay, Janet Lesniewski; Trombones, Evelyn Bergstrom, Patsy Gryzbowski, Ernest Krause. Drums, Louise Gauthier, Eleanor Charboneau, Donna Sundquist, Patsy Chase, Weldon Kiernan.

The Junior Band will present a program of several waltz and march numbers, including:

Several Soloists

"Regiment Band March," "Little Annie Rooney Waltz," "Salutation March," a waltz medley, "Campus Glory March," "Honor Salute March," and "Stars and Stripes Forever." Evelyn Goedert will be narrator of a novelty number, "Three Little Pigs."

Instrumental solos will be presented by Edgar Schuster, Karen Barr, Lynn Bruce, Carol Skrobak, James Barr and Karen Schultz; duets by Karen Barr and Lynn Bruce, Karen Schultz and Sharon Bergstrom, Carole DuBrook and Jill Sundquist, Rose-

TO BE INSTALLED—Rev. George M. Reichard will be formally installed as pastor of the First Presbyterian Church Sunday, May 15, at an 8 p. m. service. He was elected to be called by the Presbyterian congregation in March. Rev. Reichard had been assistant to the president of Carroll College at Waukesha, Wis., before accepting the Escanaba church call. He was born 30 years ago in Vermillion County, Ill., and is married. The Reichards have one child, a daughter 14 months old.

Briefly Told

Class Seeks Address—The class of 1945 of St. Joseph's High School is seeking the married name and address of the former Helen LaChance. Anyone who has information is asked to call Mrs. Mars J. Sovey, 2899, after 5 p. m.

Classified Ads cost little but do a big job

many Wangles and Wanda Schlessers.

The combined bands will present the following numbers: "On Wisconsin," "Cielito Lindo," "Washington Lee Swing," "Davy Crockett," "Anchors Aweigh" and "Star Spangled Banner."

In Junior Band

The personnel of the Junior Band is as follows:

Cornets, Marilyn McInnis, Lorraine Schermer, Evelyn Goedert, Lynn Nelson, Rosemary Wangles, Wanda Schlessers, Carol Cavades, Terry Otradovic, Wayne Strahl, Antoinette Bartos, Henry LaPointe.

Saxophones, Edgar Schuster, Karen Barr, Lynn Bruce. Clarinets, James Barr, Jill Sundquist, Carole Dubrock, Carole Skrobak, Bonnie Bellefeul, Clifford Van Enkevort.

Trombones, Sharon Bergstrom, Karen Schultz, Harry Bolm. Drums, Carol Glovacki, Joanne Charboneau, Mary Ellen Jones, Janis Bolm and Violet Mwiencowski.

Sawyer Recalls Log Rafting Era On Great Lakes

An earlier day in transportation on the Great Lakes, when logs were floated down the rivers and then rafted into enormous booms on the lakes for hauling to the sawmills, was described by Carl Sawyer, president of the Sawyer Stoll Company, to the Escanaba Rotary Club at its meeting Monday noon at the Delta Hotel.

Sawyer, a veteran woodsman and author of "A History of Lumbering in Delta County," told of booming and rafting methods in this area. Drawing on his personal experiences, his talk was informative and entertaining. Timber was moved on the water in the early days, coming down the rivers in log drives that spelled hard work and danger for the "river pigs," whose adventures were later to become the subject of exciting novels.

Breaking The Jam

Many streams that now seem too small to float a stick of timber had their flow so regulated by dams that spring freshets carried thousands of feet of timber to the Great Lakes.

In this area log drives were conducted on the Escanaba, Ford, Whitefish, Cedar and Bark Rivers, Sawyer said. Sometimes the logs would become jammed and the rivermen would pick at the "key log" until the tangle was cleared. Dynamite was used to "break" the jam.

"There were many kinds of booms," Sawyer explained. "On the rivers there were the holding booms, where the logs were collected, and the walking booms on which the river pigs walked in their work, and the sorting booms at the river's mouth, where the logs were sorted into the booms of the different logging companies on the river."

Towed To Chicago

Placed in the towing booms, the logs were then hauled by steam-powered tugs for long distances to the sawmills. Logs were towed to Menominee, to Two Rivers, and across the bays to Van's Harbor and to Nahma, Sawyer reported.

Back in 1913-14, Sawyer added, log rafts were being towed even from Ford River to Chicago by the Ford River Lumber Company's steam tug "Tempest." These huge rafts of logs moved at a speed of only about one mile an hour, and the rafts were lighted to reduce the danger of boats

GRADUATE—Donald L. Swanson, son of Mr. and Mrs. Roy Swanson of 208 S. 18th St., has graduated from the U. S. Navy's radioman school in Bainbridge, Md., after five months training. He is being assigned to the U.S.S. Vulcan at Norfolk, Va.

Special School Tax Proposed

GLADSTONE—A proposal to assess property owners of Gladstone an additional six mills for school purposes will be presented to the voters of Gladstone Monday, July 11. The special election on the increased millage will be held simultaneously with the regular school election.

Dr. George Kelly, president of the Gladstone Board of Education, and Supt. of Schools Wallace Cameron appeared before the Gladstone City Commission last night to request the special election. The request was approved by the City Commission.

The critical financial situation of the schools makes it imperative that an additional source of revenue be obtained, Dr. Kelly said. The schools face a \$26,000 deficit this year.

Polling will be at the usual polling places in the Gladstone City Hall.

colliding with them.

Relics of the old log raft and boom days are often found along the banks of rivers and the shores of the Great Lakes, he said. On the rivers a jam might, in being broken, create a new channel and leave many logs stranded, their ends sticking out of the bank. And along the lake shores boom logs will occasionally be discovered, reminders of a period when timber was transported to market in the water and not on the decks of ships.

U. P. Bankers To Meet Here May 21

Group I of the Michigan Bankers Association will hold its spring meeting at the House of Ludington May 21 with more than 250 Upper Peninsula bankers, their wives and guests expected to attend, says John L. Greene, executive vice president of the First National Bank of Escanaba, who will preside.

The Escanaba banks are planning a smorgasbord for Friday evening to welcome the bankers. Saturday morning will be occupied with registration and a nominating committee meeting. There will be a luncheon for the men at the House of Ludington and one for the women at the Delta Hotel.

The afternoon session will hear Charles Burton, president of the U. P. Realtors Association on "FHA Problems" and J. F. Schwerin, loan guarantee officer of the Veterans Administration, Detroit, will speak on "GI Lending" and Herbert H. Gardner, Birmingham, president of the Michigan Bankers Association, on "Association Activities." L. J. Smotherman, vice president in charge of public relations, First Wisconsin National Bank, Milwaukee, will speak on "winning Friends By Selling Services."

A social hour will precede the banquet. John C. Caldwell, the dinner speaker was born in Fukien Province, China, of missionary parents and has spent most of his life in the Far East. In 1943 he joined the Office of War Information for behind-the-lines assignment and from 1945 to 1950 directed the U. S. Information Service in China and was deputy director of the service in Korea. His books include "The Korea Story," "China Coast Family," and "The Rice Grows Green." He spent the winter of 1953-54 with Nationalist guerrillas along the coast of China and his story on the Chinese guerrillas, "Does Chiang Have A Chance," is featured this month in American Legion Magazine.

Scientist Prepares County Soil Maps

Robert W. Slota, soil scientist with the U. S. Soil Conservation Service is spending the week in the Delta County Soil Conservation District to prepare soils maps for farmers who are cooperating with the district.

Slota covers all soil conservation districts in the Upper Peninsula and has his headquarters in Marquette.

These maps will be used in conservation planning by the farmer and Irwin Ten Haken, soil conservationist for the SCS. The maps carry information as to soil types, slope and degree of erosion on the farm. Slota obtains this information by observing not only the surface soil, but also examining the subsoil. In addition, he also measures degree of slope and erosion and from this information the capability of the soil is determined. This scientific inventory is available to all farmers who sign up with the local district.

School Board Explains Stand

MARQUETTE—The Marquette Board of Education has issued a statement replying to union charges that it denied contracts to four teachers because of union affiliation, in which it denies the charges.

The board's statement said that it would have been impossible for it to have discrimination against teachers for union affiliation because such affiliation was not known.

Citing the cases of the four teachers in issue, the board stated that only one had been denied a contract for the next school year. Another was offered a contract with \$325 increase for the year if he acquired seven additional hours of credit in mathematics, his field of teaching, in which he has not a minor.

The third teacher was not denied a contract, the board said, but was asked to confer with the superintendent on some conditions.

The fourth teacher has no college credits in the field he is teaching and was told he would not be re-engaged if a better-qualified teacher could be found.

The board stated "we have not and we pledge ourselves not to discriminate against any teacher because of his or her union affiliation." The statement was signed by Mable M. Leskee, Paul Kinville, H. E. Olson, Frank C. Donckers and C. W. Niemi.

Lake County Crash Takes Lives Of 3

GRAND RAPIDS (AP)—A Lake County auto crash which killed two young sisters has taken a third life. Donald B. Castle, 17, Luther, died in Butterworth hospital Monday of injuries suffered in the crash Saturday that killed Chere Brandeberry, 9, and her sister, Joy, of rural Baldwin.

A car driven by Castle ran out of control on M 63 near Luther and hit a tree.

Editorials—

Legislature Considers Ban On Union Funds In State Politics

The Michigan State Senate has passed a bill, 19-10, which would forbid labor unions to use compulsory dues for political activity. The bill faces strong opposition in the House and certain veto, if passed, by Governor Williams, so its doom is

indicated, but the issue that it raises is one for serious public consideration and this appears to be one reason why the Republicans are sponsoring it in the Legislature in the face of indicated defeat.

Legislatures have been slow to follow, on the state level, the lead of Congress in prohibiting labor unions from making contributions to political campaigns. Corporations are denied the right to contribute to political campaigns. Corporate management handles funds which belong to the stockholders and the individual stockholder may not agree with management who should be elected to public office, so his money invested in a business shouldn't be used to defeat his political convictions.

The same principle applies to union activity in politics. The union shop is a common form of agreement between labor and management in Michigan on conditions of employment. The union shop agreement requires that workers must join the union after a fixed period of employment. This union security clause prevents non-union workers from free loading on the benefits which union activity may win for workers and while it is opposed by "right-to-work" advocates, it helps force labor unity. The union shop requires that all employees join a union eventually and this forms the basis for the current controversy, because while the individual union member might dissent from his union's support of a candidate, his dues money could be used to support the union's candidate anyway. The union replies to this protest that its action are taken by majority vote.

The Republicans of Michigan, concerned with the practical results of the policy as well as with the ethics involved point out that the CIO-Political Action Committee, which was so active in the past several state election campaigns, is inseparable from the state Democratic Party; that it avowedly and consistently supports Democratic candidates. If union funds are to be available to Democratic candidates, as they have been, a great advantage results in this time of expensive mass communications use in campaigning.

The Democratic ideal is determination by the individual of his political choice and personal support of this choice. Practically, such individualism is constantly running into pressure groups promoting for their own interests politically, and so the citizen may find himself, because of his employment, or for other reasons, personally supporting one candidate and having part of his income used to defeat his own political convictions. Majority rule in a private organization to which he belongs intercepts the citizen's exercise of his individual role in politics. This is undesirable and unnecessary and can be prevented, but it appears unlikely that it will be. It is for the public to determine as it considers this new element in American politics exercising such a strong influence on the public impression of government.

The easiest way to get a hole drilled into your patience is by stopping to talk to bore.

Today And Tomorrow

By DAVID LAWRENCE

MADRID.—Construction is to begin this month on a pipeline nearly 500 miles long to carry fuel from an Atlantic port on the coast of Spain to three big air bases far inland. All the plans have been made and the workers have been assembled for what is perhaps the most spectacular project in the American defense program inside Spain.

Starting at Cadiz, which is a few miles from Gibraltar, and running to Seville and then to a point near Madrid and finally across country to Saragossa, this modern means of transportation has been found necessary because of the meager facilities by rail and highway. It will take 435 calendar days to complete the job, and the line should be functioning in the latter half of 1956.

The government of Spain has given every cooperation to the American and Spanish contractors who have joined together to build the line, which will cost a little less than \$5,000,000 for labor and an equal sum for materials. Bids were taken from various contractors, and the contract was awarded to the lowest bidder. A Spanish company, as is required by regulation here, participates with a minority interest and virtually all the employees are Spanish. The wages paid are those that prevail in Spain and American contractors scrupulously comply with all the requirements for payment of holidays including Sundays and for social security compensation. While the wage rate, as set by the unions in cooperation with the government, is not high, relatively speaking, it is to be noted that the price level for living costs is not high here, either.

Directed By U. S. Navy

The entire construction is under the auspices of the U. S. Navy, which functions as a part of the joint military mission headed by General August Kissner of the U. S. Air Forces. The pipeline crosses two mountain ranges, one in the south and one in the north, and will be placed three feet under ground. It can be repaired quickly if there is any sabotage, though it is expected that local guards will be sufficiently vigilant to prevent damage. The line will supply not only the fuel requirements of the American Air Force and Navy but also those of the Spanish military forces. It is a godsend to Spain.

This is only a part of the over-all program in Spain, where a total of about \$300,000,000 will be spent over the next four years in the defense project instituted by the United States with the cooperation of the Spanish authorities. In addition to this, there are some small appropriations for economic aid, so that the total spent by the United States in Spain over a four-year period may be around \$500,000,000. This is, however, the smallest sum spent in any European country which plays a major part in the Allied defense plans.

Thus, latest figures from the U. S. Department of Commerce show that Britain has received in economic aid alone nearly \$7,000,000,000 and France \$5,200,000,000, Greece \$1,300,000,000, and the Netherlands \$1,100,000,000. Even Russia between the end of the war and 1947 got \$426,000,000, and all of eastern Europe about \$1,100,000,000. But Spain, for unexplained reasons, has been neglected and only now are officials in Washington awakening to the strategic importance of this country.

Important To Defense

It would take so little, relatively speaking, to bolster the Spanish economy and strengthen the whole country to assure effective military cooperation with the United States that it is unfortunate the Iberian Peninsula as a whole has not come in for more attention in the past. For, with the American Navy assuming the biggest responsibility in the Mediterranean and the American Air Force using the new bases here as operational front that can send planes into the heartland of Europe, it is nothing less than a tragedy that so much time already has been lost.

When France was defeated in 1940 and American air power came into the war in 1941, the only bases available were those in Britain. The war might have been shortened if the U. S. Strategic Air Force could have had bases like those it is building today in Spain. If, moreover, the political situation inside Britain should some day produce a restraint against our use of bases there for atomic warfare, the Spanish bases will provide an invaluable alternative. America's defense investment in Spain, therefore, is as logical as it is farsighted.

Questions and Answers

Q—Are bighorns the largest sheep?

A—No, the largest wild sheep is the Argali, found in the Altai Mountains of Siberia and Mongolia.

Q—Where did the term Mardi Gras originate?

A—Mardi Gras means "fat Tuesday." It is a French phrase which refers to the fat ox which used to be paraded through the streets of the festival town.

Into The Past

10 YEARS AGO

Manistique — Four local forestry crews fought a stubborn brush fire at the Uno resort on Corner Lake in Inwood township. Two sheds at the resort were destroyed before the fire was brought under control.

Rock—According to recent announcement, Evelyn Valeen has been named valedictorian and Lillian Sara salutatorian of Rock high school.

Escanaba—During Monday night's electric storm, lightning struck the local Bell telephone exchange. There was considerable damage to a transformer and several fuses were blown. Service was disrupted for a few minutes.

20 YEARS AGO

Gladstone—Miss Esther Nyberg left yesterday to resume her duties at St. Luke's hospital, Marquette, after visiting her parents, Mr. and Mrs. Carl Nyberg, 910 Dakota Ave.

Any Day Now

When Commoner Weds Prince Romance Can Be Real Rocky

PARIS—(NEA)—When a commoner marries a prince of royal blood, it is generally assumed, as in fairy tales, they will "live happily ever after."

But at least three royal romances in recent times have proved that even in palaces the course of true love does not run smoothly.

Consider the case of Princess Christiane Pavleva. At the end of the war she was married, organically, to Prince Ali, brother of the present Shah of Iran. A few years later Ali began to be considered heir-presumptive to the throne of Persia, because of the fact that Queen Soraya was as yet childless. But fate intervened. Ali was killed in a flying accident in October, 1954, leaving a son aged six.

Although the handsome young king and his beautiful green-eyed queen have not given up all hope of producing an heir of their own the Shah nevertheless decided that although born of a mor-

EX-QUEEN NARRIMAN AND EX-KING: In the days of Farouk, it was like the Arabian nights. Now she's after another divorce.

of losing her son. An Oriental woman would almost certainly bow before the inevitable, but this Frenchwoman may decide differently.

Then there is the case of ex-Queen Narriman of Egypt. What is left of her wonderful romance, this pretty girl of the Egyptian bourgeoisie whom King Farouk met one day and declared he would marry?

She gave up her fiancé without too much of a pang, and for a brief year Narriman lived the life of a queen in a tale of the Arabian Nights. She owned hundreds of dresses, fabulous jewels and furs, had an army of servants.

Shortly after her son was born, however, Narriman knew it was all over Farouk had tired of his girl-wife, divided his time between the gaming-rooms of casinos all over Europe and other women.

After the Egyptian revolution, Farouk and Narriman lived on the island of Capri for a few months. Then Narriman sued the "Gorilla," as the ex-king was called by his people, for a divorce. But she had to give up her son. She asked for an allowance of 5,000 Egyptian pounds per month. Farouk refused.

"I return to my life of a little bourgeoisie," she stated at the time. In the meantime she had obtained from the Egyptian dictator, Naguib, the return of her colossal wardrobe, but no settlement.

Later she married, not Zaki-Hachem, her ex-fiance, but an Egyptian lawyer. Recently she filed suit for divorce against her second husband.

Just a few weeks ago Narriman was allowed to spend a couple of hours with her small son, who is installed in a chalet in Switzerland with a couple of private nurses. Narriman came loaded with toys, but it was reported the boy hardly recognized his mother, who returned to her hotel sobbing bitterly.

There is one royal romance which, after many ups and downs, including a long separation, has every possibility of a happy ending. Three months ago Peter and Alexandra of Yugoslavia were brought together again, largely through the love for their 10-year-old son, Alexander. Peter, and Alexandra had mar-

ried two months before the end of World War II. Their son was born a year later. But Yugoslavia was proclaimed a republic before they were able to return to their country. This was a bitter blow for the young king, who had served in the Royal Air Force. Deprived of his fortune and property, the royal couple found life difficult.

Nine years later, Peter filed a suit for divorce in Paris on the plea that his wife had "left him to live in Italy." The pretty young princess, cousin of Marina, Duchess of Kent, had lived with her husband in Paris, Geneva, Venice and Monte-Carlo. It was reported that she was extravagant.

"How can this be true," she replied, "when I gave up all the presents my husband had given me, including my engagement ring, to live? The truth is that the life of exiles is always difficult and we should right from the beginning have reconciled ourselves to living on a very modest footing."

Today Alexandra and Peter of Yugoslavia are installed in a comfortable house some 20 miles south of Paris. Now their dearest wish is that Peter should find a job which will enable the family to live together for the rest of their lives.

EX-KING PETER and Queen: Second try may end happily.

Edson In Washington

By PETER EDSON

(NEA Washington Correspondent) WASHINGTON—(NEA)—Rural Electrification Administration celebrates its 20th birthday May 11, at the start of a big fight within the Eisenhower administration to change completely REA's method of doing business.

There is no argument about REA having done the job it was supposed to do. Since private power companies were dragging their feet on rural electrification, this new deal agency was created to speed up the process. Today 97 per cent of all U. S. farms are electrified and 54 per cent of this was financed by REA loans.

There are four and a half million customers of REA power cooperatives, served by a million and a half miles of line. REA financed generating capacity is 880,000 kilowatts. Big as this sounds, it is only one and a quarter per cent of all U. S. electric power generating capacity.

In addition, under another program authorized in 1949, REA has lent 80 million dollars and authorized loans for another 100 million dollars to 150 local telephone companies to help bring phone service to a million rural homes.

REA operations have unquestionably helped increase U. S. farm production as well as to bring labor-saving conveniences to farm wives. But this has been done at a price.

Over the past 20 years the U. S. taxpayers have had to pick up the tab for 85 million dollars as the administrative cost of REA. This cost now runs close to eight million dollars a year and it's growing naturally.

There is an argument over whether REA has lost or made money, or just broken even.

This does not come from defaulted loans. REA has lent close to three billion dollars to about 1100 customers. A thousand of these are co-ops, 75 are public power distributors and 25 are private power companies.

REA is required by law to lend its money interest free for the first five years then two per cent a year.

REA gets this money from the U. S. Treasury. The Treasury pays one and a fraction per cent interest for its short-term money and up to three per cent long-term. The average is just under two per cent. On this basis, REA breaks even.

But since all of REA's loans are for 20 and 30 years, on this long-term basis REA gets an interest subsidy of one per cent for its customers. Over 20 years this can be computed as a cost or loss of 500 million dollars or more.

It is on this basis that a task force of ex-President Herbert Hoover's Commission on Government Organization has recommended that REA be converted into a government corporation and put on a self-supporting basis.

This recommendation has run into powerful opposition. As every congressman knows, the REA co-op is a potent political force in any rural area.

Also, NRECA—the National Rural Electric Cooperatives' Assn., whose general manager is ex-Congressman Clyde Ellis of Arkansas, is one of the strongest lobbies in Washington.

Ellis recently wrote all congressmen to charge that the Hoover report "reeks with falsehoods and misstatements and power company propaganda." He says the Hoover recommendations would double REA credit costs. He has demanded that Congress deny further funds to the Hoover commission.

Congress obviously won't do any such thing. But there is no assurance whatever that Congress will go along with all of the Hoover recommendations.

Even Ancher Nelsen, Minnesota Republican farm leader and co-op official who is now REA administrator, has issued a go-slow warning on the Hoover report as over simplification of a complex issue.

There is no question at all about the possibilities for future growth of the REA system. A recent survey of its co-ops' expansion needs for the next five years indicates 845 million dollars' worth of new construction planned. This will require an estimated 635 million dollars in new loans.

The big question as REA starts its 21st year as a big, growing boy is whether Congress will continue to support it in the liberal style it was raised, or whether it will be turned loose to make its own way in the cruel world of private business competition.

Try And Stop Me By BENNETT CERF

Do you think all motorcycle cops are heartless? They tell of one up New England way who bagged two speeding cars at the same time, ordering the drivers to pull up at the side of the road. The lead car had a beauty at the wheel, and the gentleman in the second car whispered, "Please go easy on her," as the cop strode by, summons book in hand. Soon the girl drove off and the cop approached the mere male, handing him a slip of paper containing the girl's telephone number. "Get going," he ordered, "and no more of that hot-rod stuff or you'll never live to use this!"

The Doctor Says... Sulfa and Antibiotics Help Cut Meningitis Death Toll

By EDWIN P. JORDAN M.D. — Written for NEA Service

"A nine-month-old youngster in our neighborhood" writes Mrs. O. "has died of meningitis. Two of my children were in contact with this child. I was under the impression that there were two kinds of meningitis—spinal and tubercular—and that both were contagious. Is this correct or are there other kinds of meningitis too?"

There are actually several kinds of meningitis. It should be understood that the name comes from the delicate lining surrounding the spinal cord and brain known as the meninges. Any inflammation of the meninges is known as meningitis; the most likely source of inflammation is infection with some germ though there is at least one type of such inflammation in which no germ is present.

OF THE GERMS which can cause meningitis the most important is the one known as a meningococcus which causes epidemic meningitis (also known as meningococcus meningitis). The germ which causes pneumonia—the pneumococcus—can also cause meningitis. This variety years ago was almost always fatal but now can frequently be treated with success.

The tubercle bacillus may cause tuberculous meningitis and in fact there are several other germs which may cause inflammation of this membrane. Most forms are contagious but only to a limited degree, with the exception of epidemic meningitis.

IT IS NOT POSSIBLE to discuss all of these varieties except to say that most of

them can be treated much more successfully today than in the past thanks to the development of penicillin and other antibiotic drugs and the sulfa preparations.

Another type of meningitis is that which is known as influenza meningitis. Actually the germ responsible has no definite relation to influenza. Influenza meningitis is rather common in children although rare in grownups.

Until recently most of those who were stricken with this disease died. In one hospital between 1920 and 1931 only one survived out of seventy-eight.

AFTER THIS A serum was developed which enabled thirty-one of another group of 201 to recover. Now other new discoveries have made possible still better results in the treatment of this killer of infants and children. Part of the improvement is caused by the development of better serums, the most powerful being one prepared from rabbits. Also the use of the sulfa drugs has helped a great deal.

How great a change has been brought about in the chances for these children is shown by a report of twenty-eight children with influenza meningitis. Twenty-four of them recovered completely and only four died. The treatment involved the use of serum and of sulfa drugs combined. Other good results with antibiotics, such as penicillin either alone or combined with sulfas or serums, have been reported. In general meningitis of almost all kinds is a far less serious hazard than formerly.

Americans Enjoy Moscow Reunion

Song Writer Switches To Digging Up History

MOSCOW (AP) — The reunion of Russian and U. S. veterans of the 1945 Soviet-American linkup at the Elbe River got underway Monday with a post-midnight airport reception and a banquet of caviar, steak and vodka.

The nine American veterans of World War II arrived by plane shortly after midnight for a five-day stay as guests of the Soviet Union.

Col. Evgeny Porfiriev, chairman of the welcoming committee, greeted them at the airport as "Our friends, our comrades-in-arms who fought against Fascism!"

Murray Schulman of Queens Village, N. Y., replied: "We sincerely appreciate your welcome and we, too, hope it will be a happy stay."

Movie, television and still cameras recorded the arrival of the Americans. They had flown via Paris to Prague, where a twin-engine Soviet airliner picked them up. The visit is being given wide publicity in the Soviet Union.

Ores And Utilities Top Iron's Assets

IRON RIVER—Mining and utility property accounts for eighty per cent of the total assessed valuation of Iron county, a study by the Iron County Taxpayers association reveals. Of the total property valuation of \$40,687,188, only \$7,979,654, or 19.6 per cent, is non-industrial in ownership.

This means that the farms, homes, stores and commercial establishments which comprise the majority of land owners in the county account for less than one-fifth of the total valuation.

Electric power utilities own lines dams and reservoir property totaling \$3,452,675.

The Lakehead Pipeline company's 30-inch crude oil pipeline, a segment of the line from Superior to Sarnia, is valued at \$1,449,209, or 3.56 per cent of the total valuation. The pipe line is assessed at \$6.13 per running foot.

Mines, mineral reserves and mining equipment and machinery are valued at \$27,140,700, representing 66.7 per cent of the total valuation of the county.

SAN ANGELO, Tex. (AP) — The San Angelo Standard-Times got a lot of weighty opinions and long letters when it mailed out questionnaires for a news roundup on West Texas economic conditions.

And then there was the one banker who summed up droughty West Texas' troubles in three words:

"Too damn dry."

NEW YORK—(NEA)—Kermit Goell is not any more funny or tragic or important than anybody else. Nor is he the only fellow in the world who does anything differently or better or worse than anybody else in the world.

The chances are that you have never met him. He grew up in Brooklyn, a sandy-haired kid with a sharp chin and sleepy eyes and restless hands. When he was older he worked a dairy farm in upstate New York. Yater, he sold real estate. During the war he taught flying.

Somewhere in his restless meanderings he began to write songs. If you heard one or two of them—"Shepherd Serenade," maybe, or "Near You"—you might pay him the silent compliment of thinking:

"Remember that one? That was the summer we went . . ."

But popularity is not a way of life. And songs by Kermit Goell, like songs by any other songwriter, are played by a very commercial fiddler to an audience that demands a changing refrain.

"I quit," Goell told his agent. "Me and my songs are expendable. I'm through."

His agent, trying to light a big, brown cigar, said through the smoke: "Go home. You're a songwriter, aincha? Go home and write a song."

That was the last day anybody on Tin Pan Alley saw Kermit Goell. He went to his bank and drew out all his money. He bought a duffle-bag, and some work clothes. He bought a movie camera on time payments and several boxes of film. He also bought a one-way boat ticket to Turkey.

If you'd known him in Brooklyn or the dairy farm or in the real estate business or in the Army or on Tin Pan Alley, you

would have said:

"This fellow will never find himself. Not here or in Turkey."

But he was back within a year. He was lean and tan and his hands were rough. Where had he been?

"Digging," he said. "In Turkey, digging."

He had joined an archeological expedition financed by the Bollingen Foundation. He didn't know much about tombs or ancient relics. He didn't really know much about taking moving pictures. But he helped the teams of researchers.

And he was there, squinting under the Middle Eastern sun and running off foot after foot of film while the experts were uncovering a missing 700 years of the history of the human race.

It was big news in archeological circles. College libraries added it to their widening shelves of history of civilization. Professors gasped. But Tin Pan Alley simply shrugged. Who cares, they said.

Goell shrugged, too, and went off for a vacation at a resort. Between bites of pastrami sandwiches and hands of gin rummy, they asked him what he did for a living.

"I don't know if you'd call it living," he said. "I took some pictures . . ."

Not for any more reason than because it was hot and boring, they asked him to show the movies. They crowded into the recreation hall, stopped their samba lessons, their gin rummy games, and looked at a silent film taken by an amateur about 700 missing years in the Middle East.

Goell narrated it for them. And he's been narrating the film before audiences of college profes-

KERMIT GOELL AND SISTER IN TURKEY: The Greek inscriptions behind them on a Hittite tomb are 2,000 years old.

sors, geographic societies and natural history museum members ever since.

Maybe there's something wrong with being concerned about ancient tombs and men who died thousands of years ago. Kermit Goell doesn't know about that.

And maybe there's something wrong about walking out on what a lot of people would call success. He can't answer that one, either. "It's just that you have to do what makes you happy," he said. "And if I write another song, it'll be because I want to. Not because I have to."

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me, I will reply at once and tell you how I received this wonderful relief.

Mobilgas—the famous Economy Run Gasoline
—gives you greater economy than ever!

New Ken-Mar Drive-In Plans Formal Opening

The beautiful new Ken-Mar Drive-in theatre which opened Thursday, April 28, is holding its official grand opening celebration Wednesday and Thursday, May 11 and 12.

This drive-in is located approximately half way between Escanaba and Gladstone on Highway US 2-41 and was constructed during the past two years by its owners, Austin J. and Marvin R. Pouliot, brothers. The theatre is under the personal management of Austin Pouliot.

The theatre is equipped with all the latest devices so that it can show its patrons every process available, such as CinemaScope, Vista-Vision, Superscope, wide-screen and regular presentations.

The theatre plans on making three changes of program per week and will feature some new productions and a choice selection of other features of the highest quality.

The theatre is constructed on an 11-acre tract of land and at the present time, can accommodate 526 cars. Each car has its own speaker of the newest type with a 4-inch cone which is one-inch larger than all other drive-ins to date. Each speaker post is lighted for the convenience of the individual in parking.

The entrance is highly illuminated for safety, traffic is controlled by State Highway signs and a deputy on duty to direct traffic in and out of the theatre.

The surrounding white pine trees have been illuminated with spotlights to provide a beautiful night time atmosphere.

The concession building is set up in cafeteria style featuring sandwiches, popcorn, ice cream, cold drinks, and many other refreshment items. A spacious lounge and beautiful inside rest rooms have been provided for the comfort of the patrons.

The grand opening celebration feature is "Francis Joins the WACS" a hilarious comedy starring Donald O'Connor, and Francis, the talking mule—featuring the voice of Chill Wills, favorite of millions.

The management at all times will welcome suggestions for the improvement of its operation and services, Austin Pouliot said.

Slugging Fatal At Vermontville

LANSING (AP)—Glenn Powers, Vermontville filling station operator brutally beaten in an attempted robbery last Wednesday, died early Tuesday in a Lansing hospital.

Powers, 40, was slugged on the head twice with an iron bar.

Vance Joppie, 22, Grand Rapids, has admitted the slugging, state police said. He was accompanied by Mrs. Carol Strader, 17-year-old Grand Rapids divorcee.

Rock

Family Bible Hour
ROCK—Donald Frazer of Detroit was guest speaker at the Family Bible Hour at the Rock Town Hall Sunday evening. Colored slides were shown by John Small in connection with the life story of Hudson Taylor, a missionary to China. A group of folks from Lower Michigan, who have donated their time in preparing the U. P. Bible Camp at Forsyth for opening next month, were guests at the meeting.

Auxiliary To Meet
The Rock American Legion Auxiliary Unit will meet at the clubhouse Thursday, May 12 at 8 p. m. It is an important meeting and all members are urged to attend.

Bake Sale
A bake sale will be sponsored by the North Rock Home Extension club at Campbell's Service Station Thursday, May 12, beginning at 1 p. m.

Personals
Mr. and Mrs. Frank Salmi, Ronnie Kaminen and Waino Salmi attended the Boy Scout recognition banquet at the Bethany Lutheran Church in Escanaba.

Mr. and Mrs. Albert Nelson are parents of a son born May 4 at Waukegan, Ill. The baby who was named Russell David, weighed 6 pounds and 7 1/4 ounces at birth. Mrs. Nelson is the former Teimi Russi.

Mother's Day guests at the Lempi Martilla home were Mrs. George Johnson and Janet of Watson, Mr. and Mrs. Matt Rasanen and Larry, Escanaba, Mrs. Arvid Rasanen, Negaunee, Mr. and Mrs. Bernard Martilla and Bernie, Princeton and Mr. and Mrs. Joseph Mattila and Mr. and Mrs. Eddie Kaimalainen, Palmer.

Basic Is Completed By Eight Guardsmen

Today marks the end of 12 weeks of recruit basic training for eight members of Company C 107th Engineers, who will now take their places in the working platoons of the company. Training will continue in the platoons in more general engineering subjects.

The recent graduates of the company recruit school, with superior rating, are Rene Marco, Lawrence Swanson, Roy Cartwright, Irving Lancour, Robert Bourdeau, Dennis Fredrickson, Thomas Nebel and Lawrence Shanahan.

To attain a rating of superior the recruit must have passed the written, oral and practical test with an average of over 85 points. Capt. Roy J. Johnson, company commander will award certificates to the graduates at the first hour of tonight's regular drill. He also announced a change in range firing dates for June. The new dates will be June 5, 12, and 19, and will allow officers and enlisted men to attend the weekend staff school, scheduled for May 21 and 22 at Ishpeming.

Trenary

TRENARY—William Brown is a patient at Bellin Memorial Hospital in Green Bay.

Mr. and Mrs. Ronald D. Tatman and daughter, Wendy Sue, Chicago are spending a week with Mr. Tatman's brother-in-law and sister, Mr. and Mrs. William Bucholtz.

Clarence LaLone visited his mother, Mrs. Harriet Fitzpatrick, at Sault Ste. Marie.

Mrs. William Brown and Muriel Bucholtz have gone to Green Bay where they will stay with a nephew, Paul Graf, while Mr. Brown is a patient at Bellin Memorial Hospital.

The Rev. Gervase Brewer has extended reservation deadline for the father and son breakfast to be held after the 9:30 Mass Sunday May 22, one more week. Reservations may be given to William LaCombe, Francis Finlan or Rudolph Johnson.

Mr. and Mrs. Charles Smith and daughter Charlene of Republic spent Sunday with Mr. Smith's parents, Mr. and Mrs. William Smith.

Mr. and Mrs. George Hager and children spent the weekend with Mrs. Hager's parents, Mr. and Mrs. Kosti Numinen in Michigan. Their son Gary will spend this week with his grandparents.

Mr. and Mrs. Dan Finlan and children of Gladstone spent Sunday with his mother Mrs. Margaret Finlan and with Mr. and Mrs. Francis Finlan.

Sandra Orava, 11, daughter of Mr. and Mrs. Nestor Orava, placed third in the Delta County spelling bee. Sandra, a sixth grader in the Trenary Public School, was presented with a cash prize of \$10 and a dictionary.

The Mathias Township Board will meet May 11 at the town hall, instead of May 18, as previously scheduled.

Mr. and Mrs. William Gamache and Mrs. Harold Gamache and son Dennis of Gladstone spent Sunday with Mr. and Mrs. Ralph Weber.

St. Rita's Society will meet Thursday at 7:30 p. m. at the town hall to clean the hall.

The TB Mobile unit will be stationed in front of the Trenary State Bank, Friday May 13, from 10 a. m. to 3 p. m. High school students over 15 will be x-rayed.

New Diamond Field Staked In Africa

JOHANNESBURG, South Africa (AP)—Riches have come to diamond diggers working a new field at Bellsbank, in remote bush country northwest of Kimberley, South Africa's fabulous diamond center.

Professional diggers, unemployed and businessmen have staked 25-yard-square claims in the newly proclaimed field. Some are earning \$2,000 a week.

Thousands of milky white diamonds have been found. They sell at an average \$36 a carat. The biggest find so far was a 4 1/2-carat diamond which sold for \$14,952.

Wall Street

NEW YORK (AP)—The stock market declined today following a mixed start.

Prices in the early afternoon ranged from around three points lower to a point higher with some stocks dropping sharply.

Briefly Told

Tax Allocation—The Delta County tax allocation board will meet tonight at 9 at the Delta County Courthouse to make final allocation for the county and the city schools of Escanaba and Gladstone. The tentative allocation for the township schools will also be made at this meeting.

School Board Meeting—The regular meeting of the Escanaba Board of Education will be held tonight at 7 at the superintendent's office, Junior High School.

ILGWU Meeting—The International Ladies Garment Workers Union, Local 421, will meet Thursday, May 12 at Carpenters Hall at 7 p. m.

Fruit Freeze Loss About 25 Per Cent

CHEBOYGAN (AP)—The weekend's snap-freeze caused far less fruit damage than was first feared in Cheboygan county orchards.

County Agricultural Agent Edward Kidd expressed fear Monday the freeze loss might be 100 per cent in apples and cherries. But Tuesday manager Lawrence Oswald of the 700-acre Northern Orchards said the loss would be only 25 per cent.

Northern Orchards are among Michigan's biggest. They produced 100,000 bushels of apples last year. Oswald said the apple loss would approximate only about the amount of fruit that would have had to have been knocked off in thinning later.

He described the cherry loss as "serious," but estimated it would not go above 25 per cent.

EYC Boatmanship Class In Closing Session Wednesday

Boys and girls enrolled in the Escanaba Yacht Club's boatmanship class will watch a pram racing demonstration at their final session Wednesday evening, May 11.

The race is being planned by the older members to show accepted tactics before and after the starting signal, right of way rules, and other points taught in the class room. It will be run inside the harbor with the usual adult supervision, and with prams equipped with life jackets and other equipment required by local rules.

After the race the group will meet briefly to set dates for on-the-water instructions, and to receive help on any of the 50 boat- ing questions distributed last Wednesday. According to Dr. Leonard Vader, a mimeographed set of questions has been given or mailed to each person who attended one or more of the eight classes held this spring. All are asked to answer as many of the questions as possible, and to bring their set to the 7 p. m. Wednesday meeting.

Following the boatmanship class, EYC members will hold their regular monthly meeting at the club house.

No. 1 pelts \$15.50; cull to low-grade lambs \$10.00 to \$16.00; about 40 head spring lambs 80 and 85 lbs. \$23.00; cull to choice ewes \$4.50 to \$6.00.

Newberry Wins 1956 Elks Meet

IRON RIVER—Neil Maki, of Newberry, was elected president of the Upper Peninsula Elks Association at the business meeting of the 17th annual convention held here Saturday.

Newberry was awarded the 1956 convention in a close race with Marquette.

Other association officers named for the ensuing year are: Phil Verville, of Hancock, vice-president, and A. P. Vescolani, also of Newberry, secretary-treasurer.

Earl Riordan, of Sault Ste. Marie, was re-elected trustee for a three-year term. Albert J. Wickett, of Hancock, and Willard Robertson, of Negaunee, are holdover trustees.

Ernest Perino, of Iron Mountain, was endorsed for district deputy of Michigan Northwest, and Carl Bullock, of Marquette, for the same office of Michigan Northeast. Russell Kessler, of Iron Mountain, was recommended for state trustee. The state convention will be held next month in Sault Ste. Marie, which is observing its centennial this year.

Bernard Johnson, of Iron River, was endorsed for district vice-president of Michigan Northwest, and John G. Sullivan, of Sault Ste. Marie, for district vice-president of Michigan Northeast.

The fall round-up was awarded to Hancock. The 1956 Elks bowling tournament was awarded to Negaunee.

Isabella

Briefs

ISABELLA—William Venette has been dismissed from Schoolcraft Memorial Hospital at Manistique for a 10 day period after which he will re-enter for further medical treatment.

Mr. and Mrs. Vernon Peterson and sons, Kent, Kirk and Ronnie, visited Sunday in Escanaba with Mrs. Peterson's sister, Miss Marie Bourgouis.

Mr. and Mrs. Richard Steede and family of Escanaba were Sunday guests of the Dale Wat-chorns.

Weekend guests of Mr. and Mrs. Harvey Sundin were Mr. and Mrs. Al Asplund of Cunard, Mr. and Mrs. John Kallin, Mrs. Ruth Holmquist and Mrs. Marie Peterson of Escanaba, Mr. and Mrs. Edwin Sundin of Manistique and Mr. and Mrs. Gust Soderberg of Danforth.

Mrs. Gust Soderberg, Mrs. Nick Bonifas and Mrs. Isadore Bonifas recently visited at St. Ignace with Mr. and Mrs. Louis McLeod.

Per capita production of electricity in Sweden is about the same as that in the United States.

PACKARD

with Torsion-Level Ride

A truly distinctive fine car—the new Packard.

Distinctive in having exclusive Torsion-Level suspension . . . providing a ride so smooth, so level, so comfortable on any road it has created a higher concept of motoring pleasure! Distinctive in its quiet magnificence, with color harmonies both refreshing and sophisticated and interiors designed for your personal luxury.

Torsion-Level Ride—Packard's newest

achievement in creative engineering leadership—eliminates conventional coil and leaf springs. In other cars, twisting forces due to wheel shock are transmitted to the frame with resulting pitch and bounce of passengers and wracking of car body and frame. With the new Packard these same twisting forces are transmitted along the new torsion bar system and absorbed before they can reach frame or passengers.

Distinctive, too, are Packard's new "free-breathing" V-8 engine, developing up to 97% horsepower . . . and the agile automatic response of Packard's two-in-one Twin Ultramatic Transmission.

Here, in all its distinction, is a fine new car with a fine old name.

"Ask the Man Who Owns One."

Legion Commanders Hold Their Annual Reunion Thursday

Past commanders of Cloverland Post 82, American Legion, will hold their annual reunion banquet Thursday at 6:30 at the Chicken Shack on M-35. Membership in the organization dates back to 1919, when the local Legion post was formed. Last year 19 past commanders attended the gathering.

Reservations for the dinner are being received by C. Elmer Olson.

Unseasonable Cold Forecast For State

Michigan will have unseasonably cold weather for the next five days, with temperatures reading 2 to 4 degrees below normal, according to a special U. S. Weather Bureau forecast for the period May 10-15.

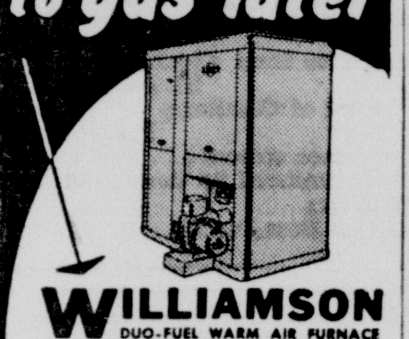

S. E. Decker, U. S. Weather Bureau meteorologist at Escanaba, said that frost is indicated over much of Upper Michigan tonight and in some areas in Lower Michigan. There will be a warming trend after Wednesday, until turning cooler with showers again by the end of the week.

Iron Mountain Couple Buys Green Bay Motel

GREEN BAY—What is believed to be one of the largest real estate sales in the history of Green Bay was closed Monday with the sale of the Packer City Motel, to an Iron Mountain couple for a quarter of a million dollars.

Purchasers of the property are Mr. and Mrs. Leo Braspenick, owners and operators of the Town and Country Motel, Iron Mountain. Previous owner of the Packer City was Mrs. Lucille Duquaine. The Packer City Motel consists of 42 units and a coffee shop.

District Officer Will Address Runeberg Order

Attorney U. S. A. Heggblom of Detroit, president of the Central District of the Order of Runeberg will be principal speaker at a meeting of the local Runeberg organization Thursday at 7:30 p. m. at Unity Hall.

In addition to the address by the visiting officer the program of the evening will include initiation of a class and a social hour during which lunch will be served.

The public is invited.
The committee for the evening is John S. Back, chairman, Miss Dagni Beck, Mrs. Viola Goodman, Mrs. Ernest Dart and Mrs. John Miller.

Personals

Mother's Day guests at the home of Mr. and Mrs. O. L. Manthey, 800 S. 10th St., were Mr. and Mrs. Bruce Geer of Janesville and Mr. and Mrs. Melvin Manthey of Green Bay.

Miss Marilyn Auskis has returned to Milwaukee, where she is employed, after spending the weekend at the home of her parents, Mr. and Mrs. John Auskis, 944 Stephenson Ave.

Miss Betty McGreevy, 220 N. 11th St., left today for Chicago where she will spend the next four days with friends.

Mrs. Eli Samuelson, Ford River, left today for Highland Park, Mich., where she will attend the funeral services of her brother, Kenneth M. Lenhart, a former Gladstone resident.

HN Kenneth Swanson returned today to Great Lakes Naval Base, Ill., after an eight day leave at the home of his parents, Mr. and Mrs. Peter Johnson, Chatham.

Mr. and Mrs. Ray Ruby today returned to Green Bay after visiting at the home of Mr. and Mrs. Adolphus Guimond, 516 S. 19th St.

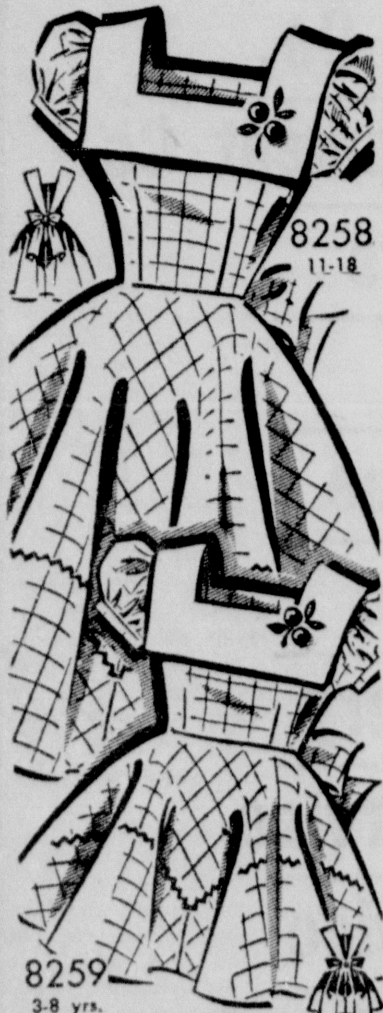

Benefits Will Be Held During Open House At Hospital

Two benefit affairs will be held Thursday in connection with the open house at St. Francis Hospital arranged by St. Francis Auxiliary in cooperation with the hospital staff in observance of National Hospital Week.

One is the gift court, which is a permanent display of hand-made and religious articles in the foyer on the first floor. This is in charge of the Auxiliary sewing committee of which Mrs. Charles Thielicke is chairman and Mrs. Earl Casey, assisting chairman.

The other is a bake sale which will be conducted during the open house hour in the main entrance. In charge of this will be Mrs. P. S. Clark, Miss Margaret Fitzsimmons and Mrs. R. B. Mitchell with the chairman and assisting chairman of the utility committee, Mrs. Earl Taylor and Mrs. H. J. Huckenhauer.

Trousseau's Lighthearted

For the bride on her honeymoon, wool in spring, light weights is an ideal fabric. It packs well; wrinkles hang out readily. Eggshell wool (left) is used by Nettie Rosenstein for straight dress worn with boxy jacket. Fabric is knitted to subtle all-over pebbled effect. Loose-flowing coat by Jane Derby (right) is in mauve wool with wide shawl collar crisscrossed and buttoned.

By GAILE DUGAS
NEA Women's Editor
NEW YORK—(NEA)—For the bride on a spring or summer honeymoon, the new lightweight wool fabrics provide the perfect answer to packing problems.

They take less room in a suitcase, resist wrinkles, hang out readily and are good in nearly any climate including that of the tropics, where a wool coat is often an absolute necessity in the evening.

The ensemble in lightweight

wool is a good choice; dress can go places alone or with the coat and the coat provides useful wrap. Another wise buy is the sheath dress with matching jacket. Usually, the dress is sleeveless or has tiny sleeves only and so can be worn out to dinner, dress up with open sandals, little clutch bag and sparkling fake jewels.

Pleats that stay in for keeps, the dress with color-coordinated sweater (sometimes lined with the dress fabric), the sleeveless

sheath that's wearable both day and evening are all happy thoughts for the bride on a honeymoon.

So, of course, is the robe in sheer, soft wool, the feather-weight pastel tweed suit for travel by plane or train, the wool mailot that keeps the wearer warm during the drying-off process after a swim. Then there's the knitted beach shirt in wool that can go over casual clothes at other times during the day.

Tax Valuation List Published

LANSING (AP) — The State Tax Commission, recommending a \$831,450,000 increase in the state's equalized valuation, today made public the county-by-county equalization proposals for this year.

It was the first state equalization since the State Supreme Court held that the state equalization must be used as the basis for local property taxes.

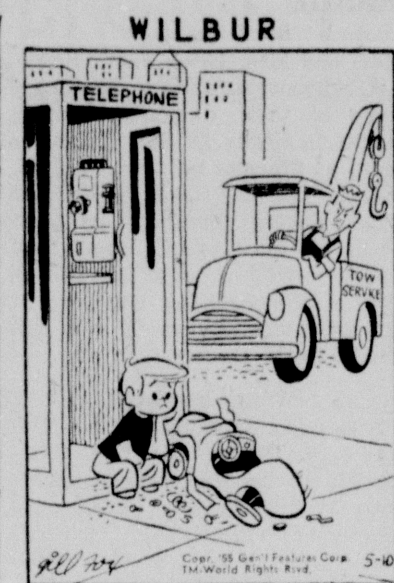

The State Board of Equalization will meet May 23 to hear protests and make the figures final.

Because of uncertainties arising from the Supreme Court decision, the Tax Commission this year for the first time in many years has not included the arbitrary 10 per cent increase in the equalization, Chairman Louis M. Nims said.

The Tax Commission Recommended state equalization of \$17,553,325,000 compared to last year's \$16,722,075,000. The total of county assessed valuations was \$13,479,487,026, an increase over last year of \$698,350,814.

The State's recommended equalization by counties, followed by the 1954 equalization:

Alger—\$18,325,000; \$10,850,000; Baraga—\$13,100,000, \$13,600,000;

Chippewa—\$57,250,000, \$59,200,000; Delta—\$40,825,000, \$39,875,000; Dickinson—\$41,475,000, \$41,825,000; Gogebic — \$56,875,000, \$58,975,000.

Houghton—\$43,775,000, \$44,350,000; Iron—\$59,275,000, \$63,700,000; Keweenaw—\$50,000,000, \$4,475,000; Luce — \$11,675,000, \$11,700,000; Mackinac — \$23,625,000, \$22,300,000; Marquette — \$102,250,000, \$98,100,000; Menominee—\$53,650,000, \$49,325,000; Ontonagon—\$13,350,000, \$12,775,000; Schoolcraft—\$17,025,000, \$17,275,000; Wayne—\$7,400,000,000, \$7,200,150,000.

Michigan Mirror

TROUBLED CHILDREN have won half of their five-year campaign for a "master-plan" which will legally keep round pegs out of square holes.

Foster care versus state institutions has been the issue for years.

The rule of thumb for probate judges has been to provide foster care for youngsters on a local level if they were not delinquent enough to be sent to a state institution.

"Actually, however, we have had cases of children being sent to state training schools who could have been better cared for in local foster homes," said Robert H. Scott, youth expert in the corrections department.

For five years, alarmed legislators have sought an answer. It passed the Senate in a package of five bills.

The bills would require the state to pay half the cost of local foster care programs and require the counties to pay half the cost of keeping the youths they send to state institutions.

"There would then be less of a tendency to 'dump' children on the

state," said Senator Creighton R. Coleman (R-Battle Creek).

The proposals would benefit those counties with good foster care programs and, in some instances, penalize those who prefer to send their wayward youths to state institutions.

The state training schools — Boys Vocational School at Lansing, Girls' Training School at Adrian, and Michigan Children's Institute (a foster care operation) — have been overcrowded for years.

Without the bills, W. F. Maxey, state social welfare director, said all three institutions would have to be expanded — at some great cost to the taxpayers.

"An institution is the end of the line for some of these kids," Maxey said. "We could save some of them right now if local government will go along with these bills."

MICHIGAN'S ATTRACTIONS are being broadcast over the nation from Interlochen.

It is the National Music Camp from which advanced students cut tapes, make recordings and broad-

cast directly. They make music and, in addition, advertise the state.

Dr. Joseph E. Maddy, director of the camp, said that more than 6,000 broadcasts a year are beamed directly and indirectly from the camp.

For the legislature, Maddy listed 182 stations carrying programs from Interlochen.

In addition, Dr. Maddy described the new motion picture, "Grand Canyon," featuring music students but also including promotional material on Michigan's "Water Wonderland."

Dr. Maddy asked the legislature for \$16,000 for the next year to help with the programs "to help carry on this well-established promotional campaign which brings more and more people to Michigan each year."

MICHIGAN STATE COLLEGE will become Michigan State University July 1.

The change, made by the legislature and signed into law by Lt. Gov. Philip A. Hart, comes as the college celebrates its 100th year of service to the state.

Over the years, the college has grown to No. 7 in enrollment in the country and, everyone agreed, "is a university in fact."

The name change was opposed by the University of Michigan on

grounds that it would lead to confusion; that the new name was an "infringement" on the name of the University of Michigan.

As the name was changed, effective July 1, the University of Michigan Board of Regents was considering an appeal to the Michigan Supreme Court.

Dr. John A. Hannah, president of the college-soon-to-be-university, pledged to the legislature that there would be no attempt to start professional schools to duplicate those at the University of Michigan.

There has been speculation in the legislature that, when the name was changed, the new MSU would ask for a dental school, one for doctors of medicine and a law school.

Dr. Hannah also said that the new university would continue its long tradition of service to Michigan agriculture through its county agents over the state.

Seniors graduating in June were asked if they wanted "college" on their diplomas or wished to wait until July 1 when "university" would be used on their sheepskins.

By an overwhelming margin, the senior class voted to wait until July 1 and "university."

The earliest log cabins in what is now the United States were built by Swedes.

SQUEEZY DOES IT—Cartoonists may not like it, but jam-smearing faces on small boys may be going out of style. Gregory Nash shows how easy it is to get the jelly on the bread instead of his cheeks.

Jelly in metal tubes like this made a big hit at the National Packaging Show in Chicago.

Halley's Comet Again Heading Toward The Sun

WASHINGTON—Halley's Comet, one of history's notable sky spectacles, is again heading toward the sun, says the National Geographic Society. The comet was named after Edmund Halley, a British astronomer who believed the comets of 1531, 1607 and 1682 were the same. He predicted the comet would return about 1758. It did.

Halley's Comet appeared in 240 B. C. and has returned 27 times since then at average intervals of 76 years, 9 months. The most recent trip near the sun was in 1910. The comet thus is due back in the mid-1980's. Invisible at present, it has recently been riding the outer portion of its elliptical course, farther away than the planet Neptune. Halley's holds particular interest because it is the only known, easily-seen comet that returns less than 100-year periods.

More twins are born with both of the same sex than with one twin a boy and the other a girl.

SEE THE HAITI QUEEN
IN OUR STORE
Thurs. & Fri., May 12-13

This Lovely Queen
Will Serve You
Free "Voo-Doo Juice"

Home Supply Invites You

to be their guest Thursday and Friday when the lovely Haiti Queen will be here to show the Haiti Carpets by Sanford. Come in and listen to the soft South Sea Island music while our lovely Queen serves you Voodoo Juice. See, too, our displays of carpeting . . . as bewitching as the south sea island . . . tantalizing as the jungle music . . . soft as walking on the sun-baked sands of the Haiti beach . . . yours exclusively at Home Supply.

FREE! WIN A
9 x 12 RUG

Simply come in and register for this lovely 9 x 12 Haiti rug. You don't have to be present at the drawing to win.

The HAITI QUEEN

For the First Time!

A rhythm-textured
all-wool carpet
in the sparkling
colors of the
Caribbean

\$9.95
Sq. Yd.

HAITI
Sanford

You're twice as smart when you choose Haiti. For history-making Haiti combines a springy, resilient and luxuriously deep random texture with multiple sea-clear colors. Haiti is an ideal choice for any

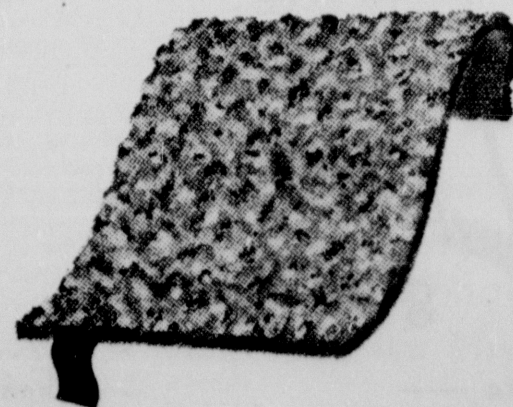

room—from the comfortably casual to elegantly modern. Practical, too—for it will show less soil than any single-color carpet. But come in today and discover Haiti for yourself!

"CASUALAIRE"

The Handloomed Effect of Colonial Yesteryear
In A Practical Wool Carpet For Many Tomorrows!

Attractive newcomer in the Westlake series of carpets by Sanford. A luxury broadloom that reflects a Colonial mood . . . informal yet dignified. In three lovely color combinations, flecked with deeper tones and pastel accents. And a multicolor carpet, you know, is marvelous for disguising soil and scuff marks.

\$5.95
SQ. YD.

SANFORD Wingate

\$11.95
SQ. YD.

SCULPTURED
WILTON

Imagine this elegant sculptured Wilton in your living room. Think of what its luxurious design in three levels of all-wool pile will do for your furniture. A modern adaptation of an 18th century plume, Wingate will enhance both modern and traditional rooms. As with all Sanford carpets, you can be sure that this lovely all-wool Wilton will be as long-wearing as it is beautiful.

"WESTLAKE"
Sanford

100% WOOL
\$10.95
SQ. YD.

A radiant, yet rugged carpet of 100% wool. The earthy beige background is highlighted by a sunset of colors: turquoise, red, olive green, brown and even black. And it has Sanford's own Dynatwist three-dimension effect. Be sure to see this exciting addition to the famous Westlake series.

THE CARPET
WITH THE CASUAL AIR

Cimarron
MULTI-COLOR LOOK
PILE TEXTURE

\$8.95
SQ. YD.

A random-ridge, two level carpet, Cimarron has a homespun tweedy effect which is decoratively perfect for today's ranch houses or any home where casual living is the keynote. Woven of a special brand of imported wools and Sanford's own carpet rayon, long-wearing CIMARRON is as practical as it is beautiful. The multi-color pattern is a practical camouflage wherever tracking is a problem, for it hides dirt and foot prints.

Will Review Test Program

A review of the testing program conducted in the Gladstone Public School system will be made by Dr. Warren A. Ketcham of the University of Michigan at a joint meeting of the faculty and Board of Education on Tuesday, May 17, it is announced by Supt. Wallace C. Cameron.

Dr. Ketcham is an assistant Professor of Education and a psychologist for the experimental school at the state university. His review will cover testing, curriculum and guidance.

Evaluation of the testing program will be given by Dr. Ketcham and it will be learned if he has any suggestions for improvement or change.

A picnic at the park will precede the joint meeting of Dr. Ketcham, board members and faculty.

Tragedy Picture Is Twin Winner

SOUTH BEND, Ind. (AP)—Jack Gaunt, staff photographer of the Los Angeles Times, is the winner of the Associated Press national contest for excellence in news photography for 1954.

His winning picture was awarded a Pulitzer Prize a week ago, and it is the first time a news photograph has won both awards.

Gaunt's picture, "Cruel Waves," shows a husband and wife turning to each other on the edge of the ocean after their young son toddled into the surf and was swept out to sea.

The AP contest was judged before the Pulitzer Prize winners were announced. The AP awards were announced yesterday by Paul E. Neville, managing editor of the South Bend Tribune, chairman of the judging committee.

George M. Wardell, of the Lewiston (Maine) Journal, took second place for his picture of a youth being rescued from swift floodwaters.

Thomas Humann, of the News and Observer, Raleigh, N.C., placed third for his picture of a runaway motorcycle plowing into a crowd.

The first prize winner receives \$500.

Banded In Kansas, Duck Shot In Russia

CORPUS CHRISTI, Tex. (AP)—A duck banded on the Arkansas Pass wildlife refuge near here in 1951 was reported killed at Krestka Bay in Russia last spring.

Refuge Manager Julian Howard said Monday he learned of the duck's flight in a report from the Washington office of the U. S. Fish and Wildlife Service. A Russian official relayed the news to Washington from Moscow.

Krestka Bay is just south of the Arctic Circle.

CLOWN CLOWNS WITH NEW WIFE—Emmett Kelly, world-renowned clown, does some clowning with his bride, Elvira Gebhart, at New York City's Madison Square Garden. The 56-year-old Kelly and the 22-year-old German-born acrobat posed with traditional ball and chain and rolling pin as they were honored by Kelly's colleagues, the clowns. The couple was married earlier in Edgewater, N. J., and returned to New York for matinee performance of Ringling Brothers, Barnum and Bailey Circus.

Says Railroads Vital To American Way Of Life

Some of the shackles must be removed from railroads so that they may compete on an even basis with other transportation mediums, if they are to survive, Roob Allie, told Rotarians Monday at the weekly luncheon meeting.

Allie said that unless legislation is adopted to free the roads from some of the antiquated ICC rules (good at the time adopted), America's and the world's largest business must eventually be subsidized or taken over and operated by the federal government. Neither solution is desirable or necessary, the speaker said.

Allie, who has been secretary of director of public relations for the Michigan Railroad Association since 1938, termed the railroads the most indispensable medium in American life and said there was little, if anything, we used which had not been carried over a railroad in some form.

Railroads have an investment of about thirty billion dollars and this would be doubled if they were constructed today. Today the roads get only a small fraction of passenger traffic, the private auto being the cause. It does the major part of heavy freight hauling but the trucks get the 'cream' and

earn more on their investment than the roads. This is because they do not compete on an equal basis.

A movie entitled "At the Moment" produced by Westinghouse Air Brake Co., was shown by Allie and was a vivid portrayal of the important part played in American life by the railroads.

John C. Walsh of the Escanaba club was a guest at the meeting. Irving Fardal was program chairman.

Special Service Wednesday Night

Apostle D. O. Chesworth of Lamoni, Iowa, who is in charge of all Reorganized Churches of Jesus Christ of Latter Day Saints in this area, will conduct a special service Wednesday night at 7:30 at the local church. Because of this the usual prayer service will not be held.

More people get more news from newspapers than from all other sources combined.

Briefly Told

Choir Practice—The choir of the Methodist Church will meet at 7 Wednesday night for practice.

Senior Choir—The senior choir will rehearse at 7 Wednesday evening at the Memorial Methodist church.

Prayer Meeting—Weekly prayer meeting will be held at 7:30 Wednesday evening in the First Baptist Church.

Novena Service—A service in the Novena in Honor of Our Mother of Perpetual Help will be conducted Wednesday night at 7:30 in All Saints Catholic Church.

Church Meeting—A Congregational business meeting will be held in the Mission Covenant Church at 7 Wednesday evening. All members are urged to attend.

Midweek Service—A midweek service of Bible Study and prayer will be held at 8 Wednesday evening in the Mission Covenant Church.

Confirmation Class—The confirmation class of the Mission Covenant church will meet at 4 Wednesday afternoon at the church for instruction.

Prayer Meeting—The regular weekly prayer meeting will be held at 7:30 Wednesday evening at the Bethel Evangelical Free Church.

Evening Service—The regular prayer service will be held at 7:30 Wednesday evening at the Reorganized Latter Day Saints church.

Elephant Tamers Live Dangerously

WASHINGTON—East Pakistan mahouts must display a high degree of bravery in taming wild elephants, says the National Geographic Society.

Corralled animals mill about furiously, crashing into the reinforced walls. The beasts are left two days without food or water to weaken them. Then trained elephants guided by mahouts enter the corral. Two of the tame elephants edge a wild animal into a small outer enclosure.

A daring mahout performs certain religious rites, then climbs the wall and crawls among the elephants. He touches the feet of the tame beasts so that they will not step on him. Then he slips a rope around the back feet of the captive and ties it to the wall. The animal's neck is also tethered to the stockade. Food and water are brought in. Within three days the elephant learns man is a friend. In a week it is ready for training.

LONGEST HOMER

Longest home run on record was hit by Babe Ruth in 1919, in a baseball game between the Boston Red Sox and New York Giants in Tampa, Fla. The ball traveled 587 feet.

CONTRACT BRIDGE

By Josephine Culbertson

WHAT IS A MASTER?

THEORETICALLY, all the players in a master-pair event of a national tournament have a high degree of skill, but there is sometimes quite a gap between theory and fact. Actually, there is as much difference between some of the masters and others as there is between night and day.

Take this hand for example—bearing in mind that it was played in a national tournament.

West dealer.
Both sides vulnerable

♠ J 8 3	♥ 10 9 4 3	♦ A Q 10 9 5	♣ 7
♠ A Q 7 5	♥ K Q 7 6	♦ 5	♣ 9 8 3 2
♠ N	♥ E	♦ S	♣ W
♠ 10 9 6 4	♥ A J	♦ 6	♣ 5 4
♠ K 2	♥ 8 2	♦ K J 8 7 4 3 2	♣ A K

The hand was played 36 times, and the variety of results was nothing short of fantastic.

Top score in one section was earned by the North-South pair which achieved the miracle of bidding and making five diamonds doubled. How they did so is beyond this writer's knowledge.

Distributed by King Features Syndicate

Even the unfortunate lead of the spade ace by West would save only one trick for South, and how he could have avoided the loss of two hearts and at least one spade staggers the imagination.

Top score in the other section was earned by a North-South pair which pushed the opponents up to five spades, doubled them and collected a 200-point penalty.

More notable than the foregoing, however, is the fact that no fewer than 11 North-South pairs permitted their opponents to buy the contract at four spades when any fairly reasonable North-South bidding should have made it clear that a five-diamond sacrifice was in order. Presumably, South had a chance to bid diamonds at an early stage, and once that action was taken, any North worth his salt should carry on to the five-level against an opposing spade game, or even against a five-club contract if East-West, in defiance of match-point considerations, elected to play at that minor suit.

North-South had been vulnerable and East-West not vulnerable, it would have been a different matter, but, particularly at match-point play, failure to make profitable sacrifices is scarcely the mark of master players.

City Briefs

Mr. and Mrs. Charles Stewart and son of Milwaukee, spent the weekend visiting with his mother, Mrs. Irene Stewart.

Mr. and Mrs. Vernon Vanderberg and children, Robert, Carolyn and Duane of Kansas City, Mo., are vacationing for two weeks with his parents, Mr. and Mrs. Elmer Vanderberg.

Mrs. Rex Coulter and her father, Herb Tumath, will leave tonight for St. Paul to attend funeral services for Mrs. Frank Jannett, an aunt of Mrs. Coulter. Mr. and Mrs. Renold Anderson, Traverse City, Mrs. James Miller, Naubinway and Mrs. Amanda Wood, St. Ignace, have returned to their homes after attending funeral services for Mrs. Ellen Bolen, mother of Mrs. Miller and sister of Mrs. Anderson and Mrs. Wood.

Pvt. John Snouwaert arrived Sunday from Fort Leonard Wood, Mo., where he completed his basic training to spend a 10 day leave visiting with his parents, Mr. and Mrs. Jack Snouwaert. At the conclusion of his leave, he will report to Fort Bliss, Tex.

Mr. and Mrs. Fred Siebert returned Monday from Green Bay where they visited over the weekend with her mother, Mrs. Minnie Payne. Miss Karen Hult spent the

weekend visiting in Ann Arbor with her sister Margaret Jean who Gretchen, who are students at the University of Michigan and with her sister Margaret Jean who teaches in Lansing.

Mrs. Clarence Barber was dismissed from St. Francis Hospital Monday evening and is convalescing at her home, 1427 Delta Ave.

"TONGUE, PEN, SWORD"

Patrick Henry, Thomas Jefferson, and George Washington, respectively, were known as the "tongue, pen, and sword" of the Revolutionary War.

CARD OF THANKS

We wish to express our sincere thanks to neighbors, friends and relatives for the assistance and sympathy tendered us at the time of our recent bereavement, the death of our beloved mother and sister, Mrs. Ellen Bolen.

Especially are we grateful to those who sent spiritual and floral bouquets, offered autos for the services, the Rev. Matt LaViolette, the pallbearers and all others who by word or deed assisted us at this time. The memory of these acts always will remain with us.

Signed:
Daughter and sisters of
Mrs. Ellen Bolen.

MHS Sends 37 To Boys Meet

Thirty-seven Manistique High School youths today are attending an Older Boys' conference at the senior high school in Escanaba.

Dr. Frank D. Slutz, of Dayton, Ohio, will be the principal speaker. Also there is Cliff Drury, associate state YMCA secretary.

The boys making the trip, and their sponsors, are as follows:

Inter. Brotherhood of Paper Makers No. 224, Jerry McBurney; First Baptist Sunday School, Chester Young; Elk's Club, Eddy Bernier, Robert Corson, Jon Schuster; First National Bank, Jan LeDuc, Don Lambert; Hiawatha Council, David Cook; J. Earl Cousineau, Carl Maynard; Knights Of Columbus, Billy Sheahan; Lincoln-Riverside PTA, Jack Rogers, William Holm; The Manistique Agency, Kenneth Dixner, Joe E. Nelson; The Rotary Club, Gary Farley, Paul Reque; The State Savings Bank, Bim Gero; St. Albin's Guild, Ralph Williams; Crawford & Holland, John Williams, Mickey Williams; United Steel Workers, No. 4302, David Carlson, Gilbert Sablack, Oren Freeland; VFW Auxiliary, Elmer Reichhoff, Albert Ackerman Jr.; WBA Review No. 47, Don Hamill; VFW Post No. 4420, Alroy Mersnick, Robert Larson; Zion Lutheran Brotherhood, Don Anderson, Larry Larson; Gulliver Community Club, Bob King; Pat Rice; Home Demonstration Council, Harold Hamill, Joel Krause; Methodist Sunday School, Gerald Judd; Junior-Senior High School PTA, Bob Hastings, Bill Grant.

Telephone Employees Vote For Retention Of AFL-IBEW Union

A majority of employees of the General Telephone company voted in favor of retaining the AF of L International Brotherhood of Electrical Workers as bargaining agent in a National Labor Relations board election May 2.

Polls were established on the premises for employees at Muskegon and those in other exchanges voted by mail.

Balloting was as follows: Plant department, IBEW-AFL, 187; CWA-CIO, 110; traffic department, IBEW-AFL, 313; CWA-CIO, 151. The National Labor Relations Board later is scheduled to certify the AF of L union as bargaining agent. The board ordered the election on April 5.

Cooks School Will Observe Michigan Week

Cooks school will celebrate Michigan Week with an open house to be held at 7:30 p.m., Tuesday, May 17.

This is the second open house at the school this year, Supt. H. C. Schwartz reports, pointing out that he believes parents should be given ample opportunity to visit schools.

All faculty members will be present, so parents may confer with them if they wish. Charles Nelson will display 7th and 8th grade art work and Arthur R. Allen's gym group will present a short exhibition.

All parents and interested persons have been invited.

Social

PTA Meeting

A regular meeting of the Manistique Township PTA was held recently at the township hall.

During the business meeting, Mrs. Elwyn Anderson gave a report on the White House conference held at Marquette. A musical program was presented by Carl Olson and Francis Barnard and vocal solos by J. Earl Cousineau.

Lunch was served by Mrs. Dorothy Kane, Mrs. Clio Brown, Mrs. Edith LaLonde and Mrs. Jean Wides.

Man Is Jailed On Disorderly Charge Monday

Elmer Gonder Jr., 40, of Rte. 1, entered a plea of guilty to a charge of disorderly conduct in Justice court Monday and was sentenced to 10 days in jail and levied fine of \$25 and costs of \$4. He is to serve an additional 10 days if fine and costs are not paid.

Gonder was arrested by city police Friday night and was held in the county jail until his arraignment Monday. He was arrested after he was found sitting in a car on private property.

Also in court Monday were the following:

Ken Dixon, Gulliver, \$8 fine and \$2 costs for speeding.

Donald Knoph, Delta ave., \$8 fine and \$2 costs for speeding.

Patrick J. Letson, Milwaukee, \$8 fine and \$2 costs for speeding.

All three were ticketed by city police.

SMALL WORLD—Ove Lundgren, at right, of Gothenberg Sweden, who is an American Field Service Exchange student in Sault Ste. Marie high school, learned here Saturday that there is truth in the oft-repeated saying that "it's a small world." While here for the Great Lakes Conference field and track meet, Lundgren, who is 18, met Carl Olson, at left, principal of Manistique high school, who visited relatives in Sweden a few years ago. In chatting, Lundgren learned that his uncle lives in the same Gothenberg apartment as Principal Olson's Swedish cousins. The two enjoyed an extended conversation, in both English and Swedish, after they learned of each other relatives, all of whom live on "surveyor's street N. 9." in Gothenberg. Lundgren, who preferred to speak English while here, will return to Sweden in June. (Linderoth Photo)

City Council Votes Raise For Employees

The Manistique City Council, in regular session Monday night, voted pay raises ranging from \$5 to \$30 per month for wage and salary employees of the city.

The increases were recommended by a committee consisting of Councilmen Willard Garvin and George Stephens, who met with employees during the past month. Both were appointed to the committee by Mayor A. W. Heitman.

Local 1196 of the State, County and Municipal Employees union have tentatively agreed to a wage agreement calling for reduction of the work week from 48 to 45 hours, with a wage increase to bring pay for the 45 hours up to the present total for 48 hours. A 2½-cent per hour across the board increase has been approved by the Council, in addition to the adjustment for the reduced work week. Common labor for the city, however, will remain the same.

Retroactive To May 1

Pay of policemen was increased from \$270.76 per month to \$275 per month, with provision for time and a half on Sundays and holidays worked, and the pay of the police chief from \$290.26 to \$320. Firemen's pay was increased from \$270.76 to \$280 per month, and that of the fire chief from \$289.26 to \$320, per month.

Salary increases of \$125 a year were approved by the Council for the city manager and the city clerk-treasurer, and \$100 per year increases for the cemetery sexton, deputy clerk-treasurer, pumping station operator, pumping station superintendent and the city attorney.

All pay increases will start as of May 1. The Council vote was unanimous on both the wage and salary increases.

Plan Budget Meeting

The contract with the employees union has been referred to the city attorney for formal drafting, after which it is to be executed by the mayor and clerk. Representatives of the union Monday night reported the wage agreement presented to them was satisfactory to the union.

Discussion of the 1955-56 bud-

Two Manistique Men Enlist For Duty In Germany

Two Manistique men have enlisted in the U. S. Army's 10th division which is scheduled to replace the 1st in Germany this summer.

The men are Victor J. Hughson, Rte. 1, and Robert J. Gould, Alger Ave. Both have enlisted for three years and will go to Germany following basic training at Fort Riley, Kan.

The deadline for men to enlist for 33 months duty in Germany with the 10th division is May 13, Sgt. Gilbert Verbiest, recruiter, has announced.

Pistol Club Scores Told

Members of the Manistique Rifle and Pistol club posted the following scores in a shooting match held Thursday in the National Guard armory:

Guard armory:				
	Slow	Timed	Rapid	Tot.
Milton Lowery	91	92	87	270
Edward Jorgenson	91	91	86	268

Floyd Houghton	91	96	90	277
James Walker	94	94	91	279
Fred Watson	93	86	94	273
Edward Olson	95	93	95	283
Ernest Peruss	85	89	83	257
L. Matcinski	81	76	72	229

William Laux Dies Monday

Funeral services for William F. Laux, 78, of 110 Chippewa Ave., former sheriff, who died at noon Monday in Schoolcraft Memorial hospital, will be held at 2 p. m., Thursday from Kefauver and Jackson Funeral Home with the Rev. Wilbert Johnson, pastor of the Calvary Lutheran church in Rapid River officiating.

Laux, who was born May 23, 1876, in Fayette, had been ill the past year and a half. For the past year he was a patient in the Cloverland Lodge, prior to admission to the hospital.

The aged Manistique resident served as Schoolcraft county sheriff from 1934 to 1938, and previously had been a salesman.

He leaves three sons, Leon, of Schneetady, N. Y., Alvin, of Milwaukee, Wis., and Harry, of Phoenix, Ariz.; two grandchildren, and three brothers, Louis, of Manistique, Fred, of Saginaw, and Edmund, of Fayette. His wife died Jan. 19, 1953.

Friends may now call at the funeral home here.

Pallbearers at services Thursday will be Roy Briggs, Leonard Peterson, William J. Sheahan, Henry Gagnon, Fred Hinkson and L. E. Hambeau. Burial will be in Fairview Cemetery.

Students Urged To Be 'Misfits' In Present World

"Be a misfit and change the pattern of the world to the right," The Rev. Wilbert Johnson, pastor of Calvary Lutheran church in Rapid River, urged Monday noon, in addressing members of the Manistique Rotary club and Manistique High School honor students who were special guests.

The Rev. Johnson pointed out that the main aim in life is not "to be well adjusted" to the world as it is, but rather to spend one's life correcting those things which are wrong. The world today has much that needs to be made "right," he emphasized.

"Don't you dare be adjusted to our world the way it is," he cautioned students.

The Rapid River pastor was introduced by William Corson, program chairman, following three vocal solos sung by Herbert Peterson, with Mrs. A. F. Hall as accompanist. Peterson sang "Mother O' Mine," "My Task" and two Swedish numbers.

The program for honor students at MHS is given yearly by the Rotary club here. Students present Monday were Janet Pollock, Marlene Carlson, Robert Corson, William Holm, Jon Schuster, Loretta Charron, Myrna Fish, Benjamin J. Nelson, Nancy Winsor White, John Ken Dixon, Mary Ella Giovannini, Sharon Knight, Donna Larson, Melvin Ott, Jean Schnurer and Mavis Talbot.

Brault Women's League Elects Officers Here

Officers of Brault's Ladies City Bowling League elected for the coming year at the annual dinner recently, at Arrowhead Inn, include Margaret Fountain, president. Other officers elected are Mary Ann Thorell, vice president, and Jean LaBrasseur, secretary-treasurer.

Awards were presented to the teams and for other events by Rose Wilker, treasurer. They were as follows:

HTS Hobollik's Dairy, 800; HT 3 gams York's, 2144; HTS Elizabeth Nelson, 211; HI 3 games, Shirley Anderson, 480.

Teams: First place, Lauer-mans; second, Hobollik's Dairy; third, York's; fourth, Barker's; fifth, Brault's; sixth, City Cleaners.

Hermansville Class Will Visit Chicago

HERMANVILLE—Seniors of Hermansville High School are leaving Thursday, May 12, by chartered bus for Chicago on their annual class trip. William Jacka and Don Hill will accompany the group.

The students, who will stay at the Hilton Hotel, will visit various places of interest. Thursday evening they will go to the Chicago Theatre. Friday's itinerary includes the Museum of Science and Industry, Brookfield Zoo, River-view Park, and a tour of Chicago at night. Saturday's program will feature a tour of State Street, a baseball game and the WLS Barn Dance.

The class will leave on the return trip Sunday afternoon after attending church services and another tour of Chicago.

NOTICE—AMATEURS Rehearsal For Contestants In Lions Club Amateur Show Will Be Thurs. Night, May 12, At 7:30 P. M. Junior High School Music Room

All Contestants must be present

Lions' Amateur Show Rehearsal Slated Thursday

A timing rehearsal for all contestants in the Manistique Lions club's 6th annual amateur show to be presented at 8 p. m., Saturday in the High School auditorium—will be held at 7:30 p. m., Thursday in the music room of the Junior High School.

The Lions committee in charge emphasizes that all persons who wish to participate in the show must attend the rehearsal. A sizeable number of contestants has entered, but there is room for more, the committee reports.

Awards in the amateur show this year will be awarded in two divisions, for those 12 and under and those 13 to 18, inclusive. First, second and third place awards will be made in each, as well as an additional first place award for the judges' talent selection, who will be entered in the U. P. State Fair this summer.

For the past few years, proceeds from the Lions club show have been earmarked for community improvements, which include a bandshell scheduled to be started in Central Park this summer.

Paper Mill Lets Aspen Contracts

Contracts for 2,000 cords of aspen have been let by the Manistique Pulp and Paper company.

The aspen purchases of the mill this year are the same as last year, according to R. G. Hentschell, general manager. The timber will be trucked here and mixed with other pulpwood for certain grades of paper.

The paper mill has another 1,000 cords of balsam and spruce yet to come under contracts let last fall. The high water period at the plant is about over and regular power-operations now are underway.

Seniors' Play Is 'Chiller'

"Creepy" noises, eerie lights, women's screams and clutching claws which snatch unsuspecting characters off stage will be among thrills experienced when the 1955 MHS Senior Class presents the mystery comedy, "Tiger House" in the school auditorium at 8:15 p.m., Saturday, May 21.

In this play, Robert St. Clair, the author, has produced a mystery which would baffle even a skilled detective. Its stage presentation requires dramatic ability of a high degree as well as utilization of mechanical and electrical effects.

An advance ticket sale is being conducted this week and next week by the seniors. The play is directed by Marvin Frederickson.

Obituary

MRS. MAUDIE BRYANT

Funeral services for Mrs. Maudie Bryant, who died Thursday at Schoolcraft Memorial Hospital, were held at 2 p. m., Saturday at Kefauver and Jackson Funeral Home with the Rev. A. Barton Brown, pastor of the First Baptist Church, officiating.

Pallbearers were Norman, LeRoy and Alex Wood, Martin Holmberg, Edward LaVance and Peter Udell.

Burial was made in Fairview cemetery.

Ready Airport For Summer Use

General reconditioning of the Schoolcraft County airport, to prepare it for summer use, is now underway. The project this year will include replacement and repair of the lighting system for night landings.

A new wind sock will be installed, and runway markers as well as signs will be repainted.

The airport committee of the county board of supervisors is in charge. Work is scheduled to be completed within two weeks.

Twilight League Play Starts Soon

Twilight league play at the Indian Lake Golf and Country club is tentatively scheduled to begin May 19.

Work of reconditioning greens is now underway and is expected to be completed by that time. Last year about 75 played in the league on Thursday nights.

"LOST COLONY"

No one knows what became of the people of "Lost Colony" of Roanoke Island. The 121 men and women colonists sent out by Sir Walter Raleigh in 1587 vanished completely.

HERE FROM GERMANY—George Smith Sr., of 303 N. Houghton, at right, this week has his daughter-in-law, Mrs. George Smith Jr., and her daughter, Barbara, aged 2½, visiting with him. The two arrived Thursday and will spend a few weeks here. The Smiths came from Goeppingen, Germany a month ago and have been visiting in Albany, N. Y., and Philadelphia, Pa., with relatives and in Carlisle, Pa., their new home. Mrs. Smith's husband, a master sergeant in the Army, has been transferred to Carlisle following 3½ years service in Germany. Mrs. Smith is a former court reporter and speaks French, German and English. Her daughter, however, speaks only German, except for a few words her grandfather, above, taught her as she was alighting from the state ferry at the Straits of Mackinac Thursday. Now each time he calls her, she responds in the only English she knows—"Watch Your Step, Safety First." They're the words written on the steps of the ferry boats. (Daily Press Photo)

Mayor Exchange Plans Are Drafted By City

Mayor Ben Fisher Jr., of Melvindale and one member of the Melvindale City Council will visit in Manistique May 16 in observance of Michigan Week. Mayor A. W. Heitman, of Manistique, reported at a regular meeting of the City Council here Monday night.

The visiting city officials are scheduled to arrive by plane in Escanaba at 3:20 p. m., Sunday and

will be met by Manistique Councilmen, who later are scheduled to dine with them Sunday night.

Tentative plans drafted at the Council meeting Monday night include a tour of the city Monday morning with O. E. Livermore, city manager in charge, and dinner with the Manistique Rotary Club with City Atty. William F. Hood, and Fred H. Hahne, Schoolcraft county chairman for the Michigan Week observance, as hosts.

Also scheduled for the Melvindale officials will be attendance at a meeting of the Manistique Port commission with John C. Beukema, of Muskegon, a member of the Great Lakes Harbor association who is to speak here Tuesday under auspices of the area trade development committee of the Top O' Lake Chamber of Commerce. The meeting with the Port commission is scheduled Monday night, and the general meeting with the C-C Tuesday at 7 p. m., in the Elks Temple.

Mayor Heitman is scheduled to leave Escanaba by plane Sunday noon to visit Melvindale, a Wayne county city with a population of 9,483.

Maurice Creeger and Pat Sleepers, students at Central Michigan College, Mt. Pleasant, spent the weekend here with their parents.

Robert Bouschor, who attends Badger Business college, Green Bay, Wis., spent the weekend here with his parents, Mr. and Mrs. G. Leslie Bouschor, Walnut St.

Gordon Moore, of Sault Ste. Marie, spent the weekend here with his parents, Mr. and Mrs. E. Moore, 141 S. 3rd St. He attends the Sault branch of Michigan College of Mining and Technology.

Mobile X-Ray Breaks Record

Previous records were bettered by over 400 when the Michigan Department of Health mobile x-ray unit visited Schoolcraft county last week, Dr. R. A. Tearnan, director of the Alger-Schoolcraft health department reports.

A total of 1756 received free chest x-rays when the unit operated at Germfask, Gulliver, Cooks and Manistique, he said.

When the unit was at the courthouse here Thursday and Friday, 1398 reported. The x-rays detect evidence of tuberculosis, lung cancer and other diseases.

The number reporting this year was better than in all other years, Dr. Tearnan states, and was 400 higher than last year.

K-C Council Honors Barker

William Barker, a member of the Manistique Knights of Columbus Council since 1930, was honored at a K-C dinner party Saturday night.

The Rev. Fr. George Pernaski, of Grand Marais, former assistant pastor at St. Francis de Sales church, and the Rev. Edmund Szoka, assistant pastor, were among speakers, and Dr. M. M. Keticik was program chairman.

Barker's record of service to Council 2026 was reviewed by George Matthews, and a gift was presented to the honored member by John Matthews, Grand Knight. John W. Kelly was master of ceremonies.

Speakers also included Walter Berquist, of Escanaba, district deputy.

A large number of 3rd and 4th degree knights, their wives and friends attended the 6:30 pot luck dinner and dance which followed.

Both Mr. and Mrs. Barker spoke briefly after the program.

High Lift Pump Installation Is Begun Here Today

Installation of a high-lift pump in the new Manistique water pumping station began today with Lee Townsend, of the Francis Engineering company, Saginaw, in charge.

The pump is already here and concrete for its base was to be poured today. Automatic controls have not yet arrived but are expected in a day or two, City Manager Orson Livermore reports.

Townsend arrived here Monday afternoon to begin work on the pump. A stand-by pump also remains to be installed before the new station is fully completed.

Girl Scout Court of Awards at 7:30 p. m., May 17 at the High School Auditorium

Benefit Dance Saturday at the Grange Hall Sponsored by Hiawatha PTA

Bake Sale Friday beginning at 10 a. m. at the Light Store Sponsored by VFW Auxiliary

Library Of Congress Gets 10 Millionth Book

WASHINGTON — The Library of Congress, the Nation's largest library, received its 10-millionth book recently.

No one knows exactly what book was the 10-millionth, for the landmark volume arrived among 308,746 books and pamphlets acquired in fiscal year 1954. It became without fanfare one of the library's 33,153,000 items. The collection, indeed, has long been so vast that historian H. G. Wells asked after a visit: "Why, with all this, doesn't it think?"

The library's chief rivals for size, the British Museum and the Bibliotheque Nationale in Paris, were probably surpassed before 1940. By that time the bulging Library of Congress occupied the world's two largest buildings used exclusively for library purposes, the National Geographic Society says.

Travail Marked Its Way

Established in 1800 and housed in the Capitol, the library after five years contained about \$4,000 worth of books. British soldiers burned the building in the War of 1812 and one of them wrote wistfully home that "a noble library" had passed. But the nation soon bought 6,487 more books from Thomas Jefferson's personal shelves. The average cost of \$3.69 a volume brought charges of extravagance.

Fires in 1825 and 1851 wiped out two-thirds of the collection. Later, outgrowing its first home, the library moved to its own structure near the Capitol. In 1939 an annex housed additional millions of items.

Giving validity to its name the library was used last year by every Senator and Representative — but few entered the building. They pumped the library's legislative reference service with 69,000 requests for facts required in speeches and laws. The service consulted pertinent books and documents and sent digests to the Capitol on a more than half-century-old mechanized conveyor which makes the trip in 7½ minutes.

Browsers, students and scholars swarm the library buildings. Two reading rooms accommodate over 500 persons and offer the aid of trained reference assistants. A requested book is delivered from the jungle of stacks within 20 minutes.

Repository Of Treasures

A repository of cultural treasures and curiosities, the library houses the venerated Gutenberg Bible and a rare collection of Stradivari violins whose exquisite tones are sometimes heard in library chamber recitals. Visitors may see the fingernail-sized smallest book, "The Rose Garden of Omar Khayyam," and Audubon's 3¼-foot-tall elephant folio edition of the "Birds of America." Other books are bound fearfully in imitation seaweed and barnacles, cowboy chaps and human skin.

Deeply music-minded, the library offers an enormous collection of American folk songs, tape-recorded on plantations, river banks or wherever they flourish. Ballads sung by Burl Ives, for instance, are among the recordings.

The blind have access to thousands of Braille books and large assortments of "talking book" transcriptions. The large genealogy and heraldry section ranks high in popularity.

NOTICE OF LAST DAY OF REGISTRATION OF THE QUALIFIED ELECTORS OF THE SCHOOL DISTRICT OF THE CITY OF ESCANABA, DELTA COUNTY, MICHIGAN, TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT: Please take Notice That the Board of Education of the School District of the City of Escanaba, Delta County, Michigan, will hold the Annual School Election in said School District on Monday, June 13, 1955.

Section 2 of Act 199, Public Acts of Michigan, 1951, effective September 28, 1951, provides as follows:

"The inspectors of election at any annual or special election shall not receive the vote of any person residing in a registration school district whose name is not registered as an elector in the city or township in which he resides.

THE LAST DAY ON WHICH PERSONS MAY REGISTER IN ORDER TO BE ELIGIBLE TO VOTE AT THE ANNUAL SCHOOL ELECTION TO BE HELD ON MONDAY, JUNE 13, 1955, IS MONDAY, MAY 16, 1955. PERSONS REGISTERED AFTER 5:00 O'CLOCK P. M., EASTERN STANDARD TIME, ON THE SAID MONDAY, MAY 16, 1955, ARE NOT ELIGIBLE TO VOTE AT SAID SCHOOL ELECTION.

Under the provisions of Act 199, Public Acts of Michigan, 1951, registrations will not be taken by school officials and only persons who have registered as general electors with the city clerk are registered school electors. Persons planning to register with the city clerk must ascertain the days and hours on which the clerk's office is open for registration.

This Notice is given by order of the Board of Education of School District of the City of Escanaba, Delta County, Michigan.

Dorothy Lindquist, Secretary, Board of Education 13196-May 10, 13

T

In This Corner

With Roy Crandall

Pat Cvangros, Ironwood High School's all-around athletic great a few years ago, was the starting quarterback for Wisconsin's second team in a long scrimmage session Saturday. The two teams piled up nine touchdowns in the rugged practice drill. Unfortunately for Cvangros, he is playing behind a pair of smart, experienced signal-callers, Jim Haluska and Jim Miller.

Outstanding individual performances were scattered through the Great Lakes track meet at Manistique Saturday, but we think the most sensational was the final lap of the medley relay run by Manistique's Ed Bernier. Bernier took the baton on the final pass with a large deficit to make up. He cut down on a flying Newberry runner for three-quarters of the oval and then turned on a tremendous kick to nip the leader coming down the stretch.

Meet manager Bill Cook of Manistique handled the affair without a hitch. League commissioner Harold Bruce was unable to attend and the awarding of medals and ribbons was cancelled at the close of the meet because of the heavy downpour of rain during the last event. But the rest of the meet went like clockwork. One of the novel features of the meet is the erection of flags, made of the winning school's colors, after each event is run off.

The weatherman threw a monkey wrench into the works for the annual softball opener Sunday night at Memorial Field. It was too cold for fans to sit in the stands, but a lot of cars were parked at vantage points around the outfield fences. An attractive opening week of league games is on tap, but the weather will have to warm up before fans begin making nightly trips to Memorial Field. Sunday night's games were exhibitions, with the official league starting tonight.

Eagles Beat Gladstone In 10 Innings, 9 To 4

GLADSTONE—The Stephenson Eagles broke open a tight ball game here in the 10th inning to win 9-4 over the Gladstone Braves yesterday.

The teams went scoreless until

Powers Cops 10-4 Win Over Stephenson Team

STEPHENSON — The Powers city team turned in a 10-4 victory over Stephenson in an exhibition game here Sunday.

Ray Wells notched the win for Powers, allowing seven hits and fanning 10. Bill Vincent was nipped for 11 hits in his six innings on the Stephenson mound before he stepped down for Kline.

Powers will play host to Perronville Sunday afternoon.

Babe Ruth League Draws 98 Players

Registration of 98 players in the Babe Ruth League was announced today by Art Petersen, city recreation director. Registration deadline was last weekend.

The registration includes 55 new players. With 42 players back from last year, 48 boys will be placed on teams in the league to make a total league roster of 90 players. Each of the six teams in the league will carry 15 players.

The Babe Ruth League Association will meet Wednesday evening at 7:15 at Club 314. Anyone interested in taking over a manager's job is welcome to attend. Date of player tryouts will be set and an opening date for the league will be determined.

Players who have registered for their teams follow:

Don Hoff Resigns As Negaunee Grid Coach

NEGAUNEE — Don Hoff, head football coach at Negaunee High School for the past three seasons, today announced his resignation to accept a position in the Bloomfield Hills school district near Detroit.

Hoff, a graduate of the University of Minnesota, led Negaunee to 10 wins, 13 losses and 1 tie in his three years here. He guided the Miners to their first winning campaign since 1947 last year when they finished second in the Great Lakes Conference.

Grayling Wins Triangular Over Escanaba, Kingsford

A skeleton Grayling track team proved too much for Escanaba and Kingsford in a triangular meet here yesterday, piling up 46 11/12 points to 40 1/2 for the Flivvers and 27 7/12 for the Eskymos.

In chilly temperatures that dipped down into the 30's, Grayling

used 14 athletes in the meet and six of them accounted for the point total. Despite the weather, some outstanding performances were turned in.

Gary Worden flew over the low hurdles in 21.8 for one of the fastest times here since John Leppi of Ironwood set the Upper

Peninsula Class B record of 20.8. Tom Gibbons sped the 100-yard dash in 10.5, was second in the 220 and third in the broad jump. Dick Hamilton took the high hurdles in 16.8 and won the high jump at 5 feet 6 inches.

Gamache Wins Mile

Escanaba captured a pair of firsts with Eugene Gamache reeling off the mile run in a creditable 5:01.6 and sophomore Bob Rhode pacing the half-milers in 2:15.5. Escanaba placed second in both the relay events which were won by Grayling.

Kingsford came up with some fine individual efforts to challenge Grayling along the route. Willie Erickson leaped 19 feet 1 inch to take the broad jump. Ed Dennis tossed the shot 45 feet 10 1/2 inches and Roy Langford won the 220-yard dash in 24.1.

High Pole Vault

Lloyd Failing of Grayling took the pole vault by scaling the bar at 10 feet 4 inches, one of the better jumps in the U. P. this season. Escanaba's Dale Manske tied with Jim Parkinson and Worden of Grayling for second and third.

The Eskymos will be back in action Saturday at Menominee in the district track meet, at which time athletes will qualify for the Upper Peninsula finals to be held here May 21.

Summary:

100 yard dash—Gibbons (G), Langsford (K), Hay (E), 10.5
220 yard dash—Langsford (G), Gibbons (K), Hay (E), 24.1
440 yard dash—Lidbeck (K), Prokos (E), Dahlvik (E), 56.8
880 yard run—Rhode (E), St. Onge (K), Rogers (E), 2:15.5
Mile—Gamache (E), Bray (K), Kleiman (K), 5:01.6
880 yard relay—Grayling, Escanaba, 1:40.7
Medley relay—Grayling, Escanaba, 2:48.5

High hurdles—Hamilton (G), Dennis (K), Walstrom (K), 16.8
Low hurdles—Worden (G), Mack (K), Hamilton (G), 21.8
High jump — Hamilton (G), Erickson (K), tied for 3rd, Peterson (K), Fugara (K), Kenyon (G), Judson (E), 5-6
Broad jump — Erickson (K), Failing (G), Gibbons (G), 19-1
Pole vault—Failing (G), tie for 2nd and 3rd, Parkinson (G), Worden (G), and Manske (E), 10-4
Shot put—Dennis (K), Judson (E), Hamilton (G), 45-10 1/2

Eskymos Lose Flath For Rest Of Season

Bucky Flath, sophomore first baseman on the Escanaba baseball team, underwent an appendix operation at St. Francis Hospital last night and will be out of the Eskymo lineup for the remainder of the season.

Replacing Flath in the lineup when the Eskymos face Ishpeming this afternoon at the City Diamond will be junior Jack Carlson.

Escanaba will be seeking to extend its victory streak to 39 games against the veteran Ishpeming nine.

Report 600 Advance Season Ticket Sale

ST. LOUIS, Mo. —The "Major League Basketball for St. Louis" committee reports it has sold or received pledges for more than 600 season tickets in a drive to bring the Milwaukee Hawks National Basketball Assn. franchise here.

The NBA will decide on a transfer of the team when it meets in New York Wednesday to draw up its 1955-56 schedule. The transfer was made necessary because of owner Ben Kerner's inability to get home dates in Milwaukee.

Powers Pounds Felch 20-2 In Little Seven

FELCH — The Power-Spalding Tigers took over first place in the Little Seven Conference standings here yesterday by wallopping the Felch Foresters 19-2.

The Tigers unleashed a 20-hit barrage against Felch. The Foresters were unbeaten in the conference up to yesterday's downfall.

Bernard Poupore tossed a two-hitter while fanning 11 strikeouts to notch the third straight Powers win. He also slammed a long homer, a double and two singles. Glen Jamar also had four hits for Powers, including two doubles, and Bob Mantel slammed an inside the park home run with two men aboard.

Hermansville Wins 8-3 Over Florence Bobcats

ville Redskins notched their second win against two losses in Little Seven Conference play here yesterday by beating Florence 8-3 behind four-hit pitching by Ken Schultz.

Hermansville took a 3-1 lead in the first inning and erupted for five more runs in the fifth before the game was halted because of rain. Florence added two runs in the bottom of the inning.

Schultz fanned six Florence batters. Tom Brey allowed seven hits and fanned seven going the distance for Florence.

Bob Whitens led Hermansville at the plate with a double and two singles in three trips. John Farley had a perfect day with two doubles in two times up.

Dodgers' Early Lead May Kill Other Clubs

(By The Associated Press) The calendar insists that it's just the second week in May, but the other seven clubs in the National League may be finding it's later than they thought.

It isn't entirely because of Brooklyn's incredible getaway, winning 21 of their 23 games. What's made that record even more formidable is the fact only two other clubs are playing .500 ball or better. Nobody's in position to catch the Dodgers right now even if somebody beats them.

Braves Are Home Milwaukee is second, but with a 12-11 record just one game over .500. The New York Giants are right at .500 after 22 games, 9 1/2 back of the Braves and a half game behind the Braves.

The Dodgers are at Chicago this afternoon, with New York at Cincinnati, Philadelphia at St. Louis and Pittsburgh at Milwaukee in

night games. In the American League, idle as was the National Monday, Cleveland's Indians swing into New York's Yankee Stadium with a two-game first-place bulge over the Yanks and the Chicago White Sox, who are at Boston in the long day game. Detroit's at Washington with Kansas City at Baltimore.

Best Road Team

Brooklyn was the most successful road team in the NL last season, winning 47 of 77 for a .610 percentage. In the West, the Braves were .636, taking 28 of 64 from the Cardinals, Braves, Cubs and Redlegs.

Vice President Buzzy Bavasi doesn't look for his Dodgers to come out of the West unbeaten. All he's asking is that they come home with a 27-5 record. He's willing to take a 6-3 record on the trip.

CAUGHT IN RUN-DOWN—Holy Name's Jim Greenwood is shown caught in a run-down between home plate and third base in yesterday's baseball game with the Bark River Broncos.

Chasing Greenwood toward third base is Walter Moniowczak who made the tag. The Bark River catcher is Wallen Godlewski. Holy Name won 11-1 in five innings. (Daily Press Photo)

Holy Name Downs Broncos 11-1 For Fourth Baseball Victory

The Holy Name Crusaders ran up an 11-1 lead on the Bark River Broncos here yesterday afternoon for a five-inning victory under a high school ruling that allows a game to be halted when one team has a 10-run advantage.

Extremely cold weather made it difficult for fielders and only a handful of spectators attended the contest.

Gary Paler, Holy Name junior right-hander, gave up only one hit, a single by Kasbohm in the fifth inning. He had trouble with his

control, however, and walked the bases loaded in the first inning in which the Broncos scored their only run. Paler whiffed six batters and issued seven walks.

Coach Tom St. Germain's Crusaders picked up six hits off the slants of Tony Charbonneau who also walked six.

Bark River took a 1-0 lead in the first inning with Charbonneau scoring.

Holy Name tied it 1-1 in the second with third baseman Frank

Katirinski crossing the plate. The Crusaders wrapped it up in the third when they scored five runs on two hits.

Catcher Jim Brown scored three of Holy Name's runs and singled in three trips to the plate. There were no extra base hits in the game.

The victory was the fourth against two one-run losses for Holy Name. The Crusaders return to action Monday, May 16, in a home stand against the Stephenson Eagles. In the first meeting of the teams Stephenson notched a 4-3 win on its home diamond.

Alston To Get Pickle Before Bums Play Cubs

By CHARLES CHAMBERLAIN
CHICAGO (AP)—Manager Walter Alston is to receive an award today — a hand carved pickle mounted on a trophy base — before unleashing his feverish Brooklyn Dodgers upon the Chicago Cubs.

A member of the National Pickle Packers Assn. was making the presentation at Wrigley Field before game time to make the presentation to "the man who got himself out of the biggest pickle."

— several player hassles frequently referred to as club dissension. Some persons think, however, that the Dodgers, who have compiled their second 10 - game winning streak and have stamped into a 9-game league lead with 21 victories in 23 starts, will be cooled off on their current Western trip which opens with a two-game series with the Cubs.

Lose Five of Six
The Cubs return home after losing five of their last six games for

a 5-8 record on the road, but in their last three games they have strided 27 hits including seven homers, two triples and four doubles.

Don Newcombe, repentant after a one-day suspension last week for balking at pitching practice, was the Dodgers' mound choice to face the Cubs Warren Hacker. Newcombe has not completed a game this season although being credited with three victories. He has beaten the Cubs 10 straight times.

Hacker is 1-1 for the campaign and has a fine 1.17 ERA in 23 innings. He lost 5 of 7 to the Dodgers last year.

Meyer Sure To Throw
The Dodgers undoubtedly will use Russ Meyer Wednesday. Meyer has beaten his one-time teammates 17 times in a row as a Phillie and Dodger. He is to meet John Andre, 29-year-old rookie from the Texas League.

The Cubs, who dropped both their games to the Dodgers at Brooklyn late last month, will have Bob Speake in left field instead of their slumping slugger, Hank Sauer. Speake has hit three homers in his last four games and is batting .321. Randy Jackson at .324 is the only other Cub hitting .300 or better.

Tigers At Washington For Eastern Invasion

WASHINGTON (AP)—The ambitious Detroit Tigers, checked for a time in Chicago, hope to resume their fun of kicking up a big fuss in the American league in a series opening tonight with Washington's sixth-place Senators.

For the opener of an eastern invasion which starts with a two-game series in the capital, the Tigers have chosen young Duke Maas for the pitching. He'll be faced by Bob Porterfield, always a troublemaker.

Young Maas will be seeking his second victory against no defeats

as Detroit tries to rebound from the three tough Chicago setbacks which dumped them to fourth place. Porterfield has a 4-3 record.

Games Were Close
The 3-of-4 loss in Chicago wasn't regarded as devastating, by any means. The games were too close. Three were decided by one run. As a result, the Tigers were only irritated. They have vowed to make up for it.

On the strength of the early season evidence, Manager Bucky Harris' team ought to make some hay in the east. Except for the Yankees, the Tigers will be playing second division clubs entirely.

In the east, among other things, will be tested the hitting streaks of the Kaline-Kuenn combination and the questionable knee of first baseman Ferris Fain.

Amazing Knee
Fain's queer knee has been "amazing" to Manager Harris for the way it has stood up. Harris hasn't tried to hide his qualms over what might happen to the twice batting champion of the American League.

Although the Tigers took some knocks in Chicago, no harm was done either Al Kaline or Harvey Kuenn.

The sensational rookie outfielder hiked his batting average to a cool .407 and shortstop Kuenn boosted his to .390. Kaline has hit safely in 23 of Detroit's 24 games. Kuenn has hit in every one but three.

Richards Takes Lead In Decathlon Event

PASADENA, Calif. (AP)—The Rev. Bob Richards of Long Beach won all five events of John Muir College's seventh annual decathlon Monday. The second half of the decathlon is being held today.

Richards won the 100 meters in 11 seconds, the broad jump in 22 ft. 11 in., the shot put in 45 ft. 9 in., the high jump in 5 ft. 11½ in., and the 400 meters in 52.2 seconds, for a total of 4,017 points.

Give Up Idea Of Track Sale

DETROIT (AP)—The project of the Michigan Racing Assn. to sell its track and interests to a Texas charity group for a reputed five million dollars has been abandoned.

The MRA, opposed by church groups and others, gave up Monday though, insofar as the record shows, not because of the opposition.

George Haggarty, vice president, said the sales plan had been cancelled because there was not time to complete it between now and the May 20 race meeting opening.

The MRA had intended to sell its Detroit mile track and properties to Boys, Inc., the Texas charity racing group headed by oilmen Sid Richardson and Clint Murchison.

The Michigan Council of Churches, representing 2,600 congregations, opposed it on what it called moral grounds.

Legislative opposition also developed. The State Senate passed a bill last week to outlaw charity-organized racing.

State Racing Commissioner James H. Inglis was among those who expressed regret at the failure of the sale to go through.

"I am sorry to see the plan withdrawn," Inglis said. "I felt that it would have been a forward step by the horse racing industry."

IMPORTED STOCK—Bobby Cox, left, former Washington quarterback, and Jim Reese, who played the position for the Fordham freshmen, take a breather during Minnesota spring football workouts. The transfers will be eligible in 1956.

Playing Career Ends; Cavarretta Will Scout

CHICAGO (AP)—Phil Cavarretta, whose entire 22-year major league baseball career was spent in a Chicago uniform, has reached the end as an active player.

In trimming their roster for the 25-player limit deadline Wednesday at midnight, the Chicago White Sox Monday dropped the veteran outfielder-first baseman from the active list and made him a scout.

His territory will be in Texas. He and his family make their home at Dallas.

Signed In 1954
"Cavvy" was signed right out of Chicago's Lane Tech High School by the Cubs in 1934, and after a two-months apprenticeship in the minors he joined the Bruins

in the fall of that year. He remained with them until the spring of 1954, when he was entering his fourth year as manager. Then he was let go and the White Sox signed him as a player for the 1954 campaign.

He hit .316 in 71 games for the Comiskeyes, turning in a fine emergency job at first base for the injured Ferris Fain.

"I'm happy to stay in the Sox organization," said Phil after learning he was assigned as a scout. "But I felt I still had the stuff to help the ball club if I kept playing. However, I've never second guessed anyone in my baseball career and I guess it is about time to hang 'em up."

Needs 23 Hits

Cavarretta didn't say so, but he obviously was disappointed particularly because he needed only 23 hits to reach the goal of 2,000 for his big league hitch. He was hitless in four trips as a pinch batter this season.

"We tried to get Phil a playing job elsewhere in the majors," said White Sox General Manager Frank Lane. "But there were no takers. Phil's age (he'll be 39 in July) is against him now. We are happy to be able to keep him in the Sox organization."

Rookie pitcher Lynn Lovenguth of the Phillies is nicknamed "Little Giant" because of his 5-foot-10 inch, 170-pound frame.

Bob Trice, Kansas City Athletics pitcher, is a diligent reader of the Bible.

Sports Briefs

BIG RAPIDS (AP)—Ferris Institute bunched five singles for four runs in the second inning to beat Alma in baseball 5-3 Monday.

EAST LANSING (AP)—Western Michigan won all three singles matches and one of three doubles matches for a 7-2 tennis victory over Michigan State Monday.

EAST LANSING (AP)—Michigan State won a Big Ten golf meet from Wisconsin 20-16 Monday.

EAST LANSING (AP)—Michigan State football coaches voted Norm Masters, junior guard from Detroit, as "most valuable" player. They tagged Pat Wilson, sophomore quarterback from Lapeer as "most improved."

Williams May Return After Divorce Today

MIAMI, Fla. (AP)—A Florida circuit judge may decide today whether Ted Williams returns to baseball.

Judge George E. Holt granted a divorce Monday to Mrs. Dorris Soule Williams on her plea that she and the Boston Red Sox star "just couldn't get along." But the judge postponed until today a ruling on how much money Williams must pay the attractive, dark-haired woman he married 11 years ago. One of Mrs. Williams' attorneys indicated she had agreed to a lump settlement.

Mrs. Williams testified Williams had been giving her \$125 a week and had paid such extra expenses

as new tires for her Cadillac. She said he paid her \$12,500 since Jan. 1, 1954, and paid taxes and insurance on their \$42,000 home in South Miami.

It was believed Williams would await the court's ruling on the size of the settlement before making up his mind whether to return to the game that made him famous and paid him as high as \$100,000 a season.

"I'm not sure if I'll play baseball," he said after the 30-minute divorce hearing.

Williams' attorney asked the slugger's wife how much she would need to keep herself and their 7-year-old daughter Barbara in the

style to which she was accustomed. "I have no idea," she replied. They were married May 4, 1944, in Pensacola, Fla., where she had been a hotel cashier and he was in the Navy.

Williams operates a fishing tackle business in Miami with Sam Sneed, the golf star, but spends most of his time fishing in the Florida Keys.

The first night game in the major leagues was played at Cincinnati's Crosley Field on May 24, 1935. The Redlegs defeated the Phils 2-1 before 20,422 fans.

John Granger, twice NCAA boxing champion, was voted Syracuse University crew.

We are all familiar with the well known expression "eating high on the hog." It is used to describe someone who is living with no thought for the future.

Post-war years have brought higher wages . . . the cost of living is at an all-time high and business is good. "Easy come, easy go" is the rule for some people.

The folks who will enjoy prosperity the longest are the ones who save regularly and invest wisely. Now is the time to start that savings account with us. Need we say more?

Can't Get Work, Fighter Claims

NEW YORK (AP)—Jim Norris, president of the International Boxing Club, is scheduled to take the stand May 19 in the New York State Athletic Commission probe of complaints by a fighter that he has been blacklisted.

The fighter, Vince Martinez of Paterson, N. J., complains he has been unable to get fights since he broke with his manager, Bill Daly. He says other managers have blacklisted him.

The commission opened a hearing last Friday. Norris was scheduled to appear today but was unable to make it because of business in Chicago. Commission chairman Julius Helfand called a 10-day recess.

The managing director of the IBC, Harry Markson, was the chief witness Monday.

He testified that he considered it "disgraceful and outrageous" that Martinez couldn't get work. He said he himself tried to make matches for Martinez without success. The fighter's ex-manager, Daly, is treasurer of the powerful International Boxing Guild.

At the hearing, it was disclosed Martinez had signed an exclusive contract with the IBC but Norris never signed.

NO ABC CHANGES

FORT WACNE, Ind. (AP)—Scoring continued at a slow pace Monday in the American Bowling Congress tournament, the 45th day of the 72-day competition. For the third straight day there were no changes in the standings in any division.

Governor Enters Probe Of Johnson's Collapse

PHILADELPHIA (AP)—Gov. George M. Leader of Pennsylvania today enters the investigation of Harold Johnson's sudden collapse in a nationally televised fight, reportedly ready to shut down boxing in the state if a satisfactory explanation is not found.

Leader summoned the State Athletic Commission to meet with him in the state capitol at Harrisburg to discuss last Friday's fight here in which Johnson, the No. 1 light-heavyweight contender, was unable to answer the bell for the third round against heavyweight Julio Mederos.

Meanwhile, medical tests continued on Johnson and an orange he ate prior to entering the ring, to determine if he had been drugged. Police began a probe of the fight betting odds.

Time Trials Saturday For Memorial Classic

INDIANAPOLIS (AP)—On a track designed 45 years ago for 85 miles an hour, the nation's top drivers will try to hit 140 or better Saturday in opening time trials for the 500-mile Memorial Day auto race.

Jimmy Bryan of Phoenix, Ariz., the AAA national big car champion last year, said Monday he wouldn't feel comfortable with a qualifying speed of 139 miles an hour.

Cars with the 33 best speeds in four qualifying sessions will start. There are 57 entries, but two were scratched.

Inspector John F. Driscoll said the probe was to ascertain if gamblers might have been involved in Johnson's collapse.

Sen. Benjamin R. Donolow of Philadelphia told the State Senate in Harrisburg Monday that 6-1 odds favoring Johnson had dropped to 2-1 by fight time. Donolow said boxing in the state is "run by hoodlums and racketeers."

Stumbled Into Ring

Johnson, who had easily decided Mederos in a previous bout, passed a physical examination 10 hours before Friday's fight. Ringsiders said he stumbled entering the ring. Television viewers saw him wobble at the end of the first round. In the second round Johnson fell to the canvas without being hit. By the end of the round he was unable to sit or stand without aid.

Since the fight, the 26-year-old Philadelphian has been hospitalized under police guard. Johnson told investigators that an orange given him by a stranger prior to the fight left him in a dazed condition.

FIGHTS LAST NIGHT

Brooklyn—Billy McNece, 174, Islip, N. Y., drew with Tony Johnson, 172, New York, 10.
New York—Isaac Logart, 142½, Cuba, outpointed Ludwick Lightburn, 138½, British Honduras, 10.
New Orleans—Armand Savoie, 139½, Montreal, outpointed Kid Centella, 138, Nicaragua, 10.
Brooklyn, Mass.—Rafael Merentino, 159½, Argentina, stopped Tommy Smith, 151½, Providence, R. I., 6.
Leicester, England—Yolande Pompey, 171, Trinidad, outpointed Eddie Polly Smith, 174, Bermuda, 10.

Biggest "Rush" since the Klondike!

New Dodge Custom Royal Lancer in dramatic three-tone styling.

So head for your Dodge Dealer . . . and take your pick!

The moment the new Dodge hit dealers' showrooms, the "rush" was on. New car buyers had struck gold . . . and they knew it! Actual sales figures throughout the country show that sales have doubled over last year as America goes for "The Big One!" And why not? In the new Dodge you'll find "solid gold" luxury and value—for only a few dollars a month

more than you'd pay for one of the "low price three." In its class, it actually costs less than cars up to 9 inches shorter. And its flair-fashioned styling is stealing the "Oh's" from cars costing a thousand dollars more. The rush is on . . . with 17 magnificent new Dodge models to choose from. So head for your Dodge dealer's . . . and take your pick!

Hitler Lives Again—On The Screen

Ten years have passed since Adolf Hitler's body was cremated outside the Chancellery in Berlin. The event is being marked in Vienna, Austria, by a new film written by Erich Maria Remarque. Called "The Last Act," the film records the most widely accepted version of the last ten days in the lives of Hitler and his mistress, Eva Braun. Starring Albin Skoda, as Hitler, and Lotte Tobisch, as Eva Braun. Exact date of Hitler's death is unknown. On May 1, 1945, Hamburg, Germany, radio reported he died "Fighting the Bolsheviks" in Berlin. The next day Moscow reported he committed suicide.

UPPER LEFT — Hitler (Albin Skoda) pounds the map table vehemently as he portrays the German dictator in a typical "rug-chewing" rage in the final phases of the disastrous war—and his life. Scene takes place in a replica of Hitler's underground bunker in Berlin, built outside their Berlin bunker. Actual photos of the real Hitler and Eva are startlingly similar to this scene from the movie.

UPPER RIGHT—Light moment in the grim film finds Hitler and Eva Braun (Lotte Tobisch) playing with their favorite German shepherd dog, "Blondi," outside their Berlin bunker.

RIGHT—Film reaches its climax as the blanketed corpses of Hitler and his mistress are prepared for cremation in gasoline. Insert is actual photo showing ditch where they were reportedly buried. An American soldier examines the grave, beside which can be seen empty gasoline cans.

Dauahter Mislaid At Gas Station

TOPEKA, Kan. (P)—A policeman halted motorist Floyd Robinson Sunday on a Topeka street and asked: "Did you lose something?" Robinson, of Eskridge, Kan., looked around. His 10-year-old daughter Shirley Ann was missing. "You left her at the service station," said Patrolman John Leonard. A patrol car picked up Shirley Ann at the service station a mile away and returned her to her father.

Rep. Ford May Head GOP Slate

DETROIT (P)—Rep. Gerald R. Ford indicates he is willing to run for the Michigan governorship in 1956 provided state Republican

leaders adopt two principles—avoid the "bit business" label and rid the party of strife. The four-term Grand Rapids Republican also says, if he is to risk his Congressional career, the state GOP must give unqualified support to the Eisenhower program. Ford, a strong Eisenhower supporter, has voted 92 per cent of the time for the President's legislative program—the second highest such mark in the House. Contents of a personal letter from the 41-year-old Congressman to a young Wayne County Re-

publican were disclosed during the weekend. But if he is to try breaking the Democrats' four-term stranglehold on the governor's chair Ford wrote, the Republican Party in Michigan must be willing to boost its share of the financial and campaign burden. "Increased sacrifices," he called them. SEA UNICORN'S TUSK The sea unicorn, or narwhal, gets its name from the long, spiral, tapered tusk that sometimes protrudes from its lower jaw as much as ten feet.

MADE DIFFERENCE The Blue Nile carries millions of tons of slit from Ethiopia's Lake Tana to the rich flood plains of Egypt and the Sudan. Ancient Egypt might have been as lonely as the Sahara without this topsoil and moisture. SPIRE'S STATUE The statue of the Angel Moroni, atop the highest spire of the famed Mormon Tabernacle of Salt Lake City, is made of hammered bronze, covered with gold leaf, and is 12½ feet tall.
